CMS invoices accepted and validated PDEs on a quarterly basis within a calendar year for the Medicare Part D Coverage Gap Discount Program. Invoices are generated based on the quarter end dates of March 31st, June 30th, September 30th, and December 31st. PDEs that are accepted and are not withheld generally will be invoiced in the submitted quarter.

A PDE with a December 31st date of service most likely will not be submitted to CMS in time for a Coverage Gap discount amount to be included on the Quarter 4 invoice. If the timely filing guidelines are followed and the PDE passes all edits, the Coverage Gap discount amount will be invoiced in Quarter 1 of the following calendar year. If there are data quality issues, the PDE will be pended to the PDE Analysis Website for correction.

All invoices are identified by the calendar year quarter for which they were created; however, PDEs for a particular benefit year may appear on up to seventeen (17) quarterly invoices until PDEs for that benefit year are no longer invoiced to manufacturers. For example, Quarter 2 of CY 2018 will contain accepted PDEs for BY 2018 submitted between April 1st and June 30th of 2018. That quarter may also contain PDEs for BY 2015 Q14, BY 2016 Q10, and BY 2017 Q6. Note, CY 2018 Quarter 2 is used as the identifier for the invoice.
