Introduction

Welcome to the Coverage Gap Discount Program (CGDP) Sponsor Portal Payments Users Guide. This guide provides you, the Sponsor, information on accessing the CGDP Portal to review, initiate, and track payments on distributed quarterly and Benefit Year (BY) Closeout invoices, as well as generate invoice and receipt reports.

As a Sponsor participating in the CGDP (the Program), you have agreed to advance coverage gap discount amounts on behalf of Medicare beneficiaries, who received covered Part D drugs while in the coverage gap phase of the Medicare benefit, and receive reimbursement from or submit adjusted reimbursements to Pharmaceutical Manufacturers participating in the Program.

This guide will assist you in complying with the Program requirements by utilizing the CGDP Portal to review distributed quarterly and BY Closeout invoices and remit payments to Manufacturers for adjusted invoice line items as well as review quarterly invoice payment receipts due from Manufacturers.

The primary function of the CGDP Portal, here forward known as the Portal, is to provide a central repository for Program-qualified prescription drug event (PDE) invoices to be distributed and paid by Program participants. In order to facilitate this processing, the Portal's direct payment process provides Sponsors the ability to perform the following Payment functions:

- Invoice review
- Invoice selection for payment initiation
- Invoice payment deferment
- Batch Invoice payment selection
- Automatic payment verification
- Payment receipt review
- Reports retrieval

The Portal allows Sponsors the ability to review invoice line items due to Pharmaceutical Manufacturers as well as payments due from Manufacturers to Sponsors. It also provides the ability to initiate bank-to-bank automated clearing house (ACH) transfers for invoice line item payments due to Manufacturers, similar to the way online banking customers pay monthly bills.

Note: All invoice payments must be processed in the Portal.

The **CGDP Sponsor Portal Payments Users Guide** will provide information on the payment functions available in the Portal as well as task-based instructions for performing payment initiations, payment and receipt status review, and invoice and receipt report information retrieval using the Reporting link functionality.

CGDP Portal Login

The Portal is a U.S. government information system. To access the Payment functionality a user must have authorized access to the Portal.

Authorized users of the Portal application must adhere to CMS information security policies, standards and procedures.

Detailed login instructions are located on the TPAdministrator.com website under [References](#) in the **CGDP Sponsor Portal Introduction and Login Users Guide**. Instructions contained within the guide include:

- Initial Security Data Set Up
- Daily Login
- Account Maintenance
- Navigation of the CGDP Portal and its tabs and links

Note: Users will not have the ability to view other Sponsors' data.

The CGDP Portal is accessed via a link on the TPAdministrator.com website.

The screenshot shows the Palmetto GBA TPA website. At the top, there is a navigation bar with links for Archives, Contact Us, and Email Updates. Below this is a search bar and a menu with TPA, Topics, and Tools. The main heading is "Welcome to the Third Party Administrator (TPA)". The text below explains that the TPA website is the gateway to the Coverage Gap Discount Program (CGDP) and is responsible for facilitating the transfer of CGDP funds. It also mentions that visitors can access information about the CGDP, including invoicing and payment procedures, and can access valuable links to CMS instructions and other official resources. Below the text are four main navigation buttons: CGDP PORTAL, CONTACT US, EMAIL UPDATES, and FAQ. At the bottom, there are three sections: a vertical list of buttons for DISPUTES, EFT INFORMATION, INVOICES, and REFERENCES; an IMPORTANT UPDATE section with a "Learn More >" link; and a CGDP CUTOFF DATES section with a "Learn More >" link.

Once the Portal Login page displays, the Welcome and Site Use warning notification is presented to the authorized user and they are provided with the ability to review the Terms of Use of the application.

To access the Portal, Sponsors will enter their credential information provided by the TPA Operations Team. The User ID is the Parent Organization ID number assigned by the CMS Health Plan Management System (HPMS) that categorizes the information loaded to the Portal. Information is limited to only the Sponsor contract numbers associated with the Parent Organization ID. The TPA provides the initial temporary password to access the Portal to the Sponsor via email, once the onboarding process is complete.

To correctly exit out of the CGDP Portal, select the Logout link in the upper right hand corner of the active page. Do not select the “X” to exit the Portal.

Note: Failing to select the Logout link to exit the system will lock a user out of the Portal for a minimum of 30 minutes.

CGDP Portal User Roles

CGDP Portal Payment Initiator Role and Administrator Role

The Portal has two (2) different roles for users to access distributed invoices and reports.

- The **Payment Initiator** role provides the responsibility that allows a user to view all functionality of the Portal, including initiating payment of distributed invoices.
- The **Administrator** role provides the responsibility that allows the primary point of contact user to view all functionality of the Portal, save for the ability to initiate payments.

Note: Users will not have the ability to view other Sponsors' data.

Sponsor accounts have both the **Payment Initiator** role and **Administrator** role assigned to the primary point of contact as listed by the Sponsor in the HPMS by default. The **Payment Initiator** role can be assigned to a different person. HPMS must be updated to display the new authorized associate in the CGDP Portal Payment Initiator role. Once HPMS is updated, the new authorized **Payment Initiator** or **Administrator** will contact the TPA Operations in order to receive their user credentials to access the Portal.

For example:

A Sponsor has designated an associate, Mr. Price, as the primary point-of-contact for the Portal. An authorized HPMS user enters Mr. Price's information into the *TPA Liaison* field, which the TPA can verify to assign both the **Payment Initiator** and **Administrator** role by default. Mr. Price will now have access to the Portal to review files and initiate payments.

The Sponsor then determines that the Portal payment functionality should be assigned to their financial area. An authorized HPMS user enters Ms. Rentenmark's information in the *CGDP Portal Payment Initiator* field, which the TPA can verify to assign the **Payment Initiator** role to Ms. Rentenmark. She will have access to the Portal to review files and initiate payments while Mr. Price's Portal role will be updated to the **Administrator** role. Mr. Price will still be listed as the primary point-of-contact and will still have access to review files in the Portal.

Additional information regarding the Portal functionality for the **Payment Initiator** or **Administrator** role is available in subsequent sections of this manual titled *CGDP Portal Payment Initiator Role and Administrator Role* and in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the TPAdministrator.com website.

Note: Portal User ID's are assigned to a specific person and *are not to be shared*. The person assigned Portal access is authorized by CMS and the TPA to access the data in the Portal. If the authorized user has changed, HPMS *must* be updated and the updated authorized user *must* contact the TPA to receive their authorized access credentials.

The user assigned the **Administrator** role will not have payment authorization available in the Portal.

The upcoming pages will highlight the differences available between the **Payment Initiator** role and the **Administrator** role in the **Payments** tab.

CGDP Portal Payment Initiator Role

This example of the **Payments** tab displays the view an associate with the **Payment Initiator** role will view.

The screenshot shows the 'Payments' tab in the CGDP Sponsor Portal. At the top, there are navigation links: 'Contact Us | My Profile | Logout | Help | Reporting' and 'Logged on as H0...0'. Below the navigation bar, the 'Payments' tab is selected. The main content area is titled 'Sponsor Portal CGDP Payments'. It includes a filter section for 'Invoice Reporting Period: 201504' and 'Payments due: 03/10/2016'. There are dropdown menus for 'P Number: ALL', 'Parent Org. ID: H0...0', and 'Contract Number: [H0...0]'. A '1 - 2 out of 2' indicator is present. A red box highlights the 'Initiate All' checkbox, labeled with a circled '1'. Below this is a table with columns: 'P Number', 'Invoiced Amount', 'Previous Deferred Amount', 'Payment/Failed Date', 'Initiate Payment', 'Defer', 'Failed', and 'EFT ID'. Two rows of data are shown. A red box highlights the 'Update All' checkbox and a date field, labeled with a circled '3'. To the right, a 'Payment Information' summary table shows totals for Invoiced, Failed, Deferred, Pending, Successful, and Available amounts. Below that is a 'Payment Initiation Upload' section with a 'Browse...' button and an 'Upload' button, labeled with a circled '2'. At the bottom, a 'Pending Transactions' table shows one transaction with columns: 'P Number', 'Authorization Amt', 'Date Submitted', 'Payment Date', and 'Stop Payment'. A red box highlights the 'Stop Payment(s)' button, labeled with a circled '5'. A 'Submit' button is also visible, labeled with a circled '4'.

Five (5) functions are available with the **Payment Initiator** role.

1. **Initiate All** check box provides a user with the functionality to populate the check box with a check mark. This action selects only invoice line items displayed on the active page for payment initiation.
2. **Payment Initiation Upload region** provides a location for uploading manually created payment files for users working with large volumes of payments for a reporting period.
3. **Update All** check box and field allows a user to set a future date only for invoices displayed on the active page.
4. **Submit** button provides a user one (1)-click functionality to process selected invoice line items for payment.
5. **Stop Payment(s)** button provides a user with one (1)-click functionality to process the selected invoices for stop payment.

Also assigned to a **Payment Initiator** role is the *PIN Validation* form, which requires the entry of a four (4)-digit numeric PIN once selection of the *Submit*, *Upload* or *Stop Payment(s)* buttons takes place for ANY payment initiation processing.

The **Payment Initiator** role associates can set the four (4)-digit numeric PIN using the *Initial Security Data Setup* instruction and update the PIN using the *Account Maintenance: Update PIN* instruction.

A screenshot of a web application window titled "Coverage Gap Discount Program". The window has a blue header bar with a close button (X) in the top right corner. The main content area is white and contains a "PIN Validation" section. This section consists of a grey rectangular header with the text "PIN Validation" in bold. Below this header is a text input field with a red border, containing four black dots. Underneath the input field is another grey rectangular header. At the bottom of this section is a "Validate" button with a red border.

The instructions included in this guide provide **Payment Initiation** associates step-by-step guidance to complete payment processing.

1. Processing Invoice Payments
2. Processing Future Dated Invoice Payments
3. Initiate All Payment Processing Functionality
4. Processing Stop Payments
5. Processing Payment Initiation Upload Batch Functionality
6. Processing Deferred Invoices

Administrator role associates can benefit from the instructions provided to understand the payment process and the steps needed to complete processing invoice line item payments by the "Invoice Paid by 38th Calendar Day After Receipt" as listed on the [Medicare Part D CGDP Calendar](#).

CGDP Portal Administrator Role

This example displays the view an associate with the **Administrator** role views when selecting the **Payments** tab.

These five (5) functions are **not** available with the **Administrator** role.

1. Initiate All
2. **Payment Initiation Upload region**
3. Update All
4. Submit button
5. Stop Payment(s) button

Associates assigned the **Administrator** role can review distributed invoices, processed invoices, and payment information totals for distributed quarterly invoice line items.

The upcoming **Payment** functionality instructions provide step-by-step guidance for **Payment Initiator** role associates to complete payment processing. **Administrator** role associates can benefit from these **Payment** functionality instructions to understand the payment process and steps needed to complete processing invoice line item payments by the “*Invoice Paid by 38th Calendar Day After Receipt*” as listed on the [Medicare Part D CGDP Calendar](#).

CGDP Portal Payments

The primary function of the Portal is to provide a central repository for Program-qualified PDE invoices to be distributed and paid by Program participants. In order to facilitate this processing, the Portal has the following roles and tabs or pages to assist users with reviewing, initiating payments, tracking initiated payments and receivables statuses and generating reports.

- The **Payments** tab provides payment capabilities, similar to an online bill pay function, to allow the selection of one (1), some, or all of the invoices distributed for payment processing. Payments may also be available for deferability, if the amounts fall below the systems deferred allowable amount. Invoices initiated for payment display in the Pending Transactions region until the nightly status update process is generated. Once this process completes, successfully processed initiated invoiced line items will move to the **Completed** tab for status tracking.
- The **Completed** tab provides status information of previously initiated payments that have completed the nightly status update process successfully. Invoices initiated for payment will remain in a *Pending* status until the funds are successfully received in the payee's bank account. At that time, the status of the invoiced line item will update to *Successful*. The *Deferred* status is only available if distributed invoices meet the system criteria for deferral and are processed as such by the Sponsor.
- The **Receipts** tab provides a listing of invoiced line items due to be paid to Sponsors by Program-participating Manufacturers. Payments not initiated are listed as *Outstanding*. Payments that have been initiated list as a *Pending* status. A *Received* status notes that funds should be available in the payee's bank account. A *Deferred* status means that invoices met the system criteria for deferral and have been processed as such by the Manufacturer, and a *Failed* status notes that issues occurred with payment processing.
- The **Reporting** link provides a user with the ability to generate on-demand spreadsheets for invoice line items, receipts, or summary reports for overall totals by reporting period via the Portal. This functionality provides an additional method of printing all invoice and receipt information for a specific reporting period, where the Print Icon, located on each page of the Portal, only provides the ability to print the data visible on an active page.

Instructions for daily login access for the Portal are in the **CGDP Sponsor Portal Information and Login Users Guide** located under [References](#) on the TPAdministrator.com website.

CGDP Portal Payments Tab: Quarterly Invoices

The **Payments** tab allows a user to review and process payment information for invoice line items by Manufacturer P number in the Portal. The available regions in the **Payments** tab differ for **Payment Initiator** role users versus **Administrator** role users.

Information provided displays the **Payment Initiator** role to describe the functionality of the **Payments** tab.

The screenshot shows the 'Payments' tab interface. At the top, there are navigation tabs: Home, Payments (selected), Completed, Receipts, Reports, and Disputes. Below the tabs, the page title is 'Sponsor Portal CGDP Payments'. A filter region (4) includes 'P Number: [ALL]', 'Parent Org. ID: H0_0', and 'Contract Number: [H0_0]'. A reporting period (2) is set to '201503' and payments are due (3) on '12/09/2015'. A 'Payment Information' summary (5) shows totals for Invoiced, Failed, Deferred, Pending, Successful, and Available amounts. A main table (6) lists invoice items with columns for P Number, Invoiced Amount, Previous Deferred Amount, Payment/Failed Date, Initiate Payment, Defer, Failed, and EFT ID. A 'Payment Initiation Upload' region (7) has a 'Browse...' button and an 'Upload' button. A 'Pending Transactions' region (8) shows a table with columns for P Number, Authorization Amt, Date Submitted, Payment Date, and Stop Payment, with a message indicating no pending transactions.

The **Payments** tab contains eight (8) regions.

1. **Tabbed region – Payments** displays the tab that is currently active and tabs that are available for selection.
2. **Invoice Reporting Period region** displays the specific quarter reporting period for invoice line items, in YYYYQQ format, based on the reporting period selected in the **Filter region** on the **Home** tab.
3. **Payments Due region** displays the date the invoice line items are due to Manufacturers, in MM/DD/YYYY format, based on the reporting period selected in the **Filter region** on the **Home** tab.
4. **Filter region – Payments** allows a user to search data listed by the defaulted Parent Org. ID.
5. **Payment Information region** displays the numerical totals of all invoice line items and the different categories that each invoice line item may qualify as at a specific point in time, in a tabular format. Invoice line items reclassify as payment functionality is processed.
6. **Payment Initiation region** displays invoice line items based on P Number and Contract Number data entered in the **Filter region – Payments**.
7. **Payment Initiation Upload region** allows a user to upload multiple paid invoice line items data for ease in completing the payment initiation functionality, instead of working with each individual Manufacturer invoice line item.
8. **Pending Transactions region** displays invoice line items that are pending payment.

The upcoming pages will describe each region and its associated functions.

Tabbed Region - Payments

The **Tabbed region** allows a user to select different activities to perform while accessing the system.

In this example, the **Payments** tab is active.

Invoice Reporting Period Region

This section of the **Payments** tab displays the specified reporting quarter, in YYYYQQ format, based on the reporting period selected in the **Filter region** on the **Home** tab.

In the example displayed, the distributed invoice line items appearing in the **Payment Initiation region** are associated with the reporting period listed in the **Invoice Reporting Period region**.

② Invoice Reporting Period: 201503

Payments Due Region

This section of the **Payments** tab displays the final payment due date of all invoice line items for a specified reporting period, based on the calculation of distributed invoice receipt date plus 38 calendar days.

In this example, the invoice line items displayed in the **Payment Initiation region** are due by the date listed in the **Payments Due region**.

③ Payments due: 10/09/2015

Filter Region – Payments

The **Filter region** on the **Payments** tab contains four (4) fields to assist a user with narrowing invoice line item search criteria.

4 A P Number: ALL ▼ B Parent Org. ID: H0__0 C Contract Number: H0__0 ▼ D 1 - 2 out of 2

- A. P Number field allows a user to select specific P numbers from the drop down list. The drop down list provides update capability to select another P number with invoice line items within the same reporting period. The field defaults to 'ALL', which displays all P numbers for the reporting period.
- B. Parent Org. ID column defaults to the Parent Organization ID utilized to access the system.
- C. Contract Number field displays the contract number for invoice line items. This field defaults based on the distributed invoice selected on the **Home** tab. The drop down list provides update capability to select another contract number with invoice line items within the same reporting period and assigned to the Parent Org. ID.
Note: In order to view a different reporting period, a user will need to return to the **Home** tab and select a distributed invoice with a different reporting period.
- D. Item Count column provides the number of invoice line items displayed on the current page out of the total number of invoices included for the reporting period. This field also contains a Next Page icon to alert the user to multiple pages of distributed invoices, if applicable.

Payment Information Region

The **Payment Information region** provides a summary view of activities that occur on the active **Payments** page.

This region provides up-to-date data regarding invoice line item activity in a two (2)-column table with eight (8) rows.

5

<u>Payment Information</u>		
A	Total Invoiced	\$41.05
B	Total Failed	\$0.00
C	Total Current Deferred	\$0.00
D	Total Previously Deferred	\$0.00
E	Total Pending	\$0.00
F	Total Successful	\$0.00
G	Total Available	\$41.05

- A. Total Invoiced field displays total dollar amount of invoice line items that require payment for the reporting period.
- B. Total Failed field displays the total dollar amount of invoice line items selected for payment that contained errors and did not complete the payment process for the reporting period.
- C. Total Currently Deferred field displays the total dollar amount of deferred invoice line items postponed from the current reporting period to the subsequent reporting period.
- D. Total Previously Deferred field displays the total dollar amount of previously deferred invoice line items postponed from prior reporting periods.
- E. Total Pending field displays the total dollar amount of invoice line items selected for payment initiation for the reporting period.
- F. Total Successful field displays the total dollar amount of invoice line items that have successfully paid and are no longer visible in the **Payment Initiation** or **Pending Transaction regions** of the **Payments** tab.
- G. Total Available field displays the total dollar amount of remaining invoice line items requiring payment.

Payment Initiation Region

The **Payment Initiation region** on the **Payments** tab displays information requested in the **Filter region** on the **Payments** tab, based on the data selected in the P Number or Contract Number columns.

Note: To generate Excel reports of the invoices listed on the **Payments** tab, use the *CGDP Portal Instructions – Reporting Link* instructions located in a subsequent section of this manual.

This region contains eleven columns that assist a user in processing invoice line items for payment.

E Initiate All

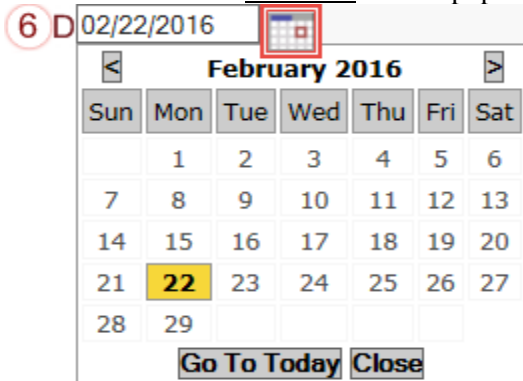

A	P Number	B Invoiced Amount ↑↓	C Previous Deferred Amount	D Payment/Failed Date	F Initiate Payment	G Defer	H Failed	I EFT ID

K

- A. P Number column displays the Manufacturer P number.
- B. Invoiced Amount column displays the invoice line item amounts due to the Manufacturer.
This column also provides users with the ability to sort the Invoiced Amount column in ascending or descending amount order, using the directional arrows provided to the right of the column title.
Note: The amount automatically populates from the quarterly invoice and is not subject to modification.
- C. Previous Deferred Amount column displays deferred amounts from prior reporting period(s).
- D. Payment/Failed Date column displays a field that defaults to the current date for an invoice line item payment, in MM/DD/YYYY format.

The Payment/Failed Date field also contains a *Calendar* icon to allow a user to change payment dates to a future date. Users can either manually enter the date into the field, in MM/DD/YYYY format or utilize the *Calendar* icon to populate the updated payment date.

- E. Initiate All check box provides a user with the functionality to populate the check box with a check mark, which selects all displayed invoice line items on the active page to be paid.

This example displays the populated Initiate All check box as well as all check boxes for the invoice line items on the active page.

E Initiate All

P Number	Invoiced Amount ↑↓	Previous Deferred Amount	Payment/Failed Date	Initiate Payment	Defer	Failed	EFT ID

Update All

The Payment/Failed Date will default to the current date when the Initiate All functionality is used. It will display the date that a payment initiation failed payment processing.

Note: Selecting the Initiate All check box will **only** affect invoice line items displayed on the active page in the **Payment Initiation region**.

To process all invoice line items utilizing the Initiate All function a user must populate the Initiate All check box for the invoice line items displayed on the active page, update the Payment/Failed Date, if applicable, and select the Submit button. The user must then re-select the Initiate All button for the new page of invoice line items displayed and select the Submit button. The Initiate All process should be repeated until the **Payment Initiation region** displays “*There are no more remaining invoice line items for the quarter.*”

Additional Notes:

- Removing the check mark from the Initiate All check box will remove all Initiate Payment check marks for invoice line items on the active page.
- Selecting the Next Page icon prior to selecting the Submit button will undo the Initiate All for the prior page.

F. **Initiate Payment** column allows the user to populate the check box with a check mark to allow the payment process to begin for an individual invoice line item.

G. **Defer** column provides check boxes available for selection when the **Total Available** amount in the **Payment Information region** totals less than the system-default allowable amount, currently designated as \$20.00 United States Dollars (USD).

The Portal provides the ability to defer payment of distributed invoice line items to a subsequent reporting period **if**:

- The **Total Available** amount field in the **Payment Information region** totals less than the Portal’s defer-default allowable amount and
- A Sponsor’s banking ACH process prevents processing of the total amounts selected for payment initiation that fall below their specified minimum dollar ACH processing amount for a specific payment date.

The payment initiation process used by the Portal initiates a lump sum debit from Sponsor bank accounts for the total amount of payments initiated per day, not individual line item debits.

Defer functionality becomes available if the amount listed in the **Total Available** field is less than the Portal’s defer-default allowable amount, currently designated as \$20.00 USD.

For example, a Sponsor’s banking institution allows ACH processing for dollar amounts greater than \$5.00. If the **Total Available** field displays a total between \$5.00 and the system-default allowable amount, the items should not be deferred to the subsequent reporting period, even if the **Defer** check box is available.

The most important facts to know before deferring an invoice are:

- Sponsors are responsible for verifying their banking institution’s specific threshold for low-dollar ACH amounts permitted for processing.
- The Portal processes initiated payments as a lump sum debit from Sponsor accounts for the total number of invoices selected to initiate on a specific day, not as individual invoice line items.

This example displays one (1) distributed payable invoice listed in the Invoiced Amount field that is less than the system-default allowable amount and this Sponsor's ACH low-dollar amount threshold. The Defer column displays a check box for the invoice line item for deferral to the subsequent reporting period.

P Number	Invoiced Amount ↑ ↓	Previous Deferred Amount	Payment/Failed Date	Initiate Payment	Defer	Failed	EFT ID
P1__6	\$4.11	\$0.00	02/22/2016	<input type="checkbox"/>	<input checked="" type="checkbox"/>		CG15031__6H4__3

This example displays one (1) distributed payable invoice listed in the Invoiced Amount and one (1) deferred invoice listed in the Previous Deferred Amount that total less than the system-default allowable amount and this Sponsor's ACH low-dollar amount threshold. The Defer column displays a check box for invoice line item for deferral to the subsequent reporting period.

6

P Number	Invoiced Amount ↑ ↓	Previous Deferred Amount	Payment/Failed Date	Initiate Payment	Defer	Failed	EFT ID
P1__7	\$2.32	\$2.14	02/22/2016	<input type="checkbox"/>	<input checked="" type="checkbox"/>		CG15031__7H0__0

This example displays one (1) distributed payable invoice listed in the Invoiced Amount and one (1) deferred invoice listed in the Previous Deferred Amount that total greater than the system-default allowable amount and the Sponsor's ACH low-dollar amount threshold, which disqualifies the invoice line items for deferral to the subsequent reporting period.

Note: Selection of the check box and update of the calendar date in the Update All Payment Dates field will affect only invoice line items displayed in the active **Payment Initiation region**. Do not select the Next Page icon, if available, before selecting the Submit button. Selecting the Next Page icon before selecting Submit will erase the prior pages updated payment data.

To process all distributed invoice line items utilizing the Update All Payment Dates field, a user must perform the Update All Payment Dates action on the active **Payment Initiation region** page and select the Submit button. Repeat the Update All Payment Dates action and select the Submit button for the invoice line items displayed on the page, until all invoice line items are processed.

- The Update All Payment Date field also contains a *Calendar* icon to allow a user to update payment dates to a future date. Users can enter the date into the field, in MM/DD/YYYY format, or utilize the *Calendar* icon to populate the updated payment date.

- K. Submit button provides the user one (1)-click functionality to process the active page's selected invoice line items for payment.

Examples of why “*Please contact TPA*” may display:

- Invalid banking information on file for Manufacturer
- Manufacturer is classified in Receivership status
- Internal Revenue Service (IRS) Levy/Garnishment documentation requests

Payment Initiation Upload Region

The **Payment Initiation Upload region** provides a location for uploading manually created payment files for users working with large volumes of payments for a reporting period. This form contains two (2) fields to assist a user with locating and uploading payment file data. Instructions and reference documents for batch file formatting appear in the Processing Payment Initiation Upload Batch Functionality instructions.

- A. Browse... field allows a user to search for file data manually created to batch payment files for upload to system.
- B. Upload button provides a user one (1)-click functionality to upload batched payment file data to the system for processing.

Pending Transactions Region

The **Pending Transactions region** on the **Payments** tab displays information regarding reassigned invoice line items from the **Payment Initiation region** based on payment selection.

This form contains eight (8) fields used to display invoice line items selected for payment.

- A. P Number column displays the P number.
- B. Authorization Amt. column displays the amount authorized, including amounts located in the Invoiced Amount and Previous Deferred Amount fields, as payment to the Manufacturer.
- C. Date Submitted column displays the calendar date the invoice line item transferred from the **Payment Initiation region** to the **Pending Transactions region**, in MM/DD/YYYY format.
- D. Payment Date column displays the calendar date that initiates the request for withdrawal of funds from user's bank account, in MM/DD/YYYY format.

- E. Stop Payment column provides a check box available for selection for future dated payments. The Stop Payment check box allows a user to stop payment processing prior to actual payment.
The Stop Payment check box only displays for pending invoice line item payments that contain a payment date greater than the current calendar date.
- F. Stop Payment(s) button provides a user with one (1)-click functionality to process the selected invoices for stop payment. This activity will remove the invoice line item from the **Pending Transactions region** and reassign it to the **Payment Initiation region**.

This example displays highlighted payments that are not eligible for stop payment, due to the payment not being a future dated payment.

CGDP Portal Instructions – Payments Tab: Quarterly Invoices

Processing Invoice Payments

Sponsors are required to process invoice line item payments on a quarterly basis 38 calendar days from receipt of distributed invoices using the Portal. The Portal allows a user to process payments for individual invoice line items with a default payment date of the current calendar day.

This instruction provides direction on the steps needed to process payments for individual invoice line items utilizing the current calendar day as the payment initiation date.

Note: Completion of this process is limited to Sponsor associates assigned the **Payment Initiator** role.

1. Authorized end users will access the Portal to process invoice line item payments on a quarterly basis due within 38 calendar days from receipt of the distributed invoices. Instructions for daily login into the CGDP Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the [TPAdministrator.com](#) website.
2. After successful login, the **Home** tab will appear. Select the applicable type of invoice from the drop down list located in the **Invoice Type** field.

The screenshot displays the 'Sponsor Portal Coverage Gap Discount Program Home' interface. At the top, there are logos for Palmetto GBA and CMS, along with navigation links and a user login status. A navigation bar contains tabs for Home, Payments, Completed, Receipts, Reports, and Disputes, with 'Home' being the active tab. Below the navigation bar, there are filter dropdowns for Parent Org. ID, Invoice Type (highlighted with a red box), Contract Number, Reporting Period, and Status. A table lists invoice line items with columns for Invoice Type, Contract Number, Reporting Period, Status, and a Select checkbox. To the right of the table, a legend explains the status of the invoice line items: Available, Failed, Incomplete, N/A, Pending, and Successful. At the bottom, there is a section for 'Reporting Periods with no invoice line items' with filter options for Contract Number and Reporting Period.

Note: The Initiate All check mark selects only invoice line items that appear on the active **Payment Initiation region** page.

The population of the Initiate All check mark does NOT select all invoice line items for the reporting period.

In order to utilize the Initiate All functionality for all invoice line items, select each page in the **Payment Initiation region** separately, populate the Initiate All check box, and select the Submit button prior to moving to the next page in the region. Not performing the submission will delete all data entered on the current page.

8. The selection of the Initiate All check box provides the ability to select only displayed invoice line items for payment processing with the payment initiation date set as the current date. If it is determined that all invoice line items displayed should process for payment on the current date, select the Submit button to initiate the payment process.

If it is determined that invoice line items cannot be processed for the current date, the Initiate All functionality provides the ability to update the payment initiation date to a future calendar date.

- To update all invoice line items, use the Update All check box and field located below the **Payment Initiation region**.
- To update individual invoice line items, use the calendar icon located on the specific invoice line.

- To update all payment initiation dates to a future date different from the current business date displayed in the Payment/Failed Date field, select the calendar icon to the right of the Update All check box, located below the **Payment Initiation region**. This action expands a calendar that allows selection of a future date for the payment initiation to begin. Select the applicable date then populate the Update All check box to update the date only for the payments on the active page.

The screenshot shows the 'Sponsor Portal CGDP Payments' interface. At the top, there are navigation tabs: Home, Payments (highlighted), Completed, Receipts, Reports, and Disputes. Below the navigation is a header with 'Sponsor Portal CGDP Payments' and a sub-header with 'Invoice Reporting Period: 201504 Payments due: 03/10/2016'. A filter bar shows 'P Number: ALL', 'Parent Org. ID: H0_0', and 'Contract Number: H3_9'. A table lists payment items with columns for P Number, Invoiced Amount, Previous Deferred Amount, Payment/Failed Date, Initiate Payment, Defer, Failed, and EFT ID. The 'Update All' checkbox is checked, and a calendar is open showing March 2016. The date 03/25/2016 is selected in the calendar. A 'Payment Information' box on the right shows a total invoiced amount of \$1,476.02. A 'Payment Initiation Upload' box is also visible.

- To update the payment initiation date of individual invoice line items to a date other than the current date, select the calendar icon to the right of the Payment/Failed Date field for the applicable line item. This action expands a calendar that allows selection of a future date for the payment initiation to begin.

The screenshot shows the 'Sponsor Portal CGDP Payments' interface, similar to the previous one. The 'Update All' checkbox is now unchecked. The calendar is open, and the date 03/28/2016 is selected. The 'Payment Information' box on the right shows the same total invoiced amount of \$1,476.02. The 'Payment Initiation Upload' box is also visible.

This example displays multiple invoice line items containing updated calendar dates that remain selected as part of the Initiate All functionality.

Processing Stop Payments

The Portal allows Sponsors to stop the payment processing of future dated invoice line items prior to the completion of the payment process.

The **Stop Payment** process is only available for pending invoice line item payments that contain a payment date greater than the current calendar date. Selecting a pending invoice line item payment for stop payment will reassign the stopped invoice line item to the **Payment Initiation region** for reprocessing.

This instruction provides direction on the steps needed to process stop payments for pending invoice line item payments.

Note: Completion of this process is limited to Sponsor associates assigned the **Payment Initiator** role.

1. Authorized end users will access the Portal to stop the payment processing of future dated invoice line items prior to the completion of the payment process. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the [TPAdministrator.com](#) website.
2. After successful login, the **Home** tab will appear. Select the applicable type of invoice from the drop down list located in the **Invoice Type** field.

The screenshot displays the 'Sponsor Portal Coverage Gap Discount Program Home' interface. At the top, there are logos for Palmetto GBA and CMS, along with navigation links and a login status 'Logged on as H0__0'. The main navigation bar includes 'Home', 'Payments', 'Completed', 'Receipts', 'Reports', and 'Disputes'. Below this, the page title is 'Sponsor Portal Coverage Gap Discount Program Home'. A filter section allows users to select 'Parent Org. ID' (H0__0), 'Invoice Type' (Quarterly), 'Contract Number' (H4__8), 'Reporting Period' (ALL), and 'Status' (ALL). A table lists invoice items with columns for 'Invoice Type', 'Contract Number', 'Reporting Period', 'Status', and 'Select'. A legend explains status codes: Available, Failed, Incomplete, N/A, Pending, and Successful. A 'Reporting Periods with no invoice line items' section is also visible.

Processing Payment Initiation Upload Batch Functionality

Sponsors can utilize the **Payment Initiation Upload** functionality to select multiple invoice line items for payment processing in one (1) batch text file versus utilizing individual invoice line item processing or the Initiate All payment functionality. A batch text file is a creation of a semi-colon delimited text file, which is loaded to the Portal for processing. Once the upload is completed, results of the batch text file upload are available for review via the **Reports tab – Batch** functionality.

This instruction provides direction on processing invoice batch upload functionality.

Note: Completion of this process is limited to Sponsor associates assigned the **Payment Initiator** role.

1. Authorized end users will access the Portal to use the invoice batch upload functionality to initiate invoices due for payment on a quarterly basis 38 calendar days from receipt of distributed invoices. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under **References** on the **TPAdministrator.com** website.
2. After successful login, the **Home** tab will appear. Select the applicable type of invoice from the drop down list located in the **Invoice Type** field.

5. To view invoice line items in an Excel spreadsheet format, there are two (2) functions that assist with displaying invoice information in Excel formats, the [Print](#) icon and the [Reporting](#) link. This instruction demonstrates the [Print](#) icon output. Instructions for the [Reporting](#) link are in the [Accessing the Reporting Link](#) instructions in this manual.

The [Print](#) icon allows a user to view formatted information regarding only the invoice line items displayed on the [active](#) page in the **Payments** tab in a Microsoft Office Excel spreadsheet format.

Note: The [Print](#) icon will only print up to 99 invoice line items in an excel file. This is the maximum amount of invoice line items that can display on an [active](#) page in the **Payments** tab. If a reporting period contains more than 99 distributed invoice line items, a user will have to access each **Payments** page of invoices listed and select the [Print](#) icon for each [active](#) page.

To print all distributed invoice line items for a specific reporting period on the **Payments** tab, utilize the [Accessing the Reporting Link](#) instructions.

The Excel spreadsheet generated by the [Print](#) icon contains three (3) tabs.

- Invoice line item data corresponding to the [active](#) **Payment Initiation region** page displays on the [CGDP Payments](#) tab of the spreadsheet.
- Invoice line item data corresponding to the [active](#) **Pending Transactions region** page displays on the [Pending Transactions](#) tab of the spreadsheet.
- Summary information corresponding to data visible in the **Payment Information region** displays on the [Total Payment Information](#) tab of the spreadsheet.

The Microsoft Excel spreadsheet allows a user to view all invoice line items displayed on the [active](#) **Payments Initiation region** page (up to 99 invoices per page) without requiring a user to scroll through the data. It provides a format that allows users the ability to massage invoice line item data required in creating Batch text files.

In order to view all invoices in a spreadsheet format, the [Reporting](#) link functionality allows a user to print all invoice line items for a specific reporting period. To utilize the [Reporting](#) link to print all payable invoice line items on the **Payments** tab or receivable invoice line items on the **Receipts** tab, refer to the [Accessing the Reporting Link](#) instructions in this manual.

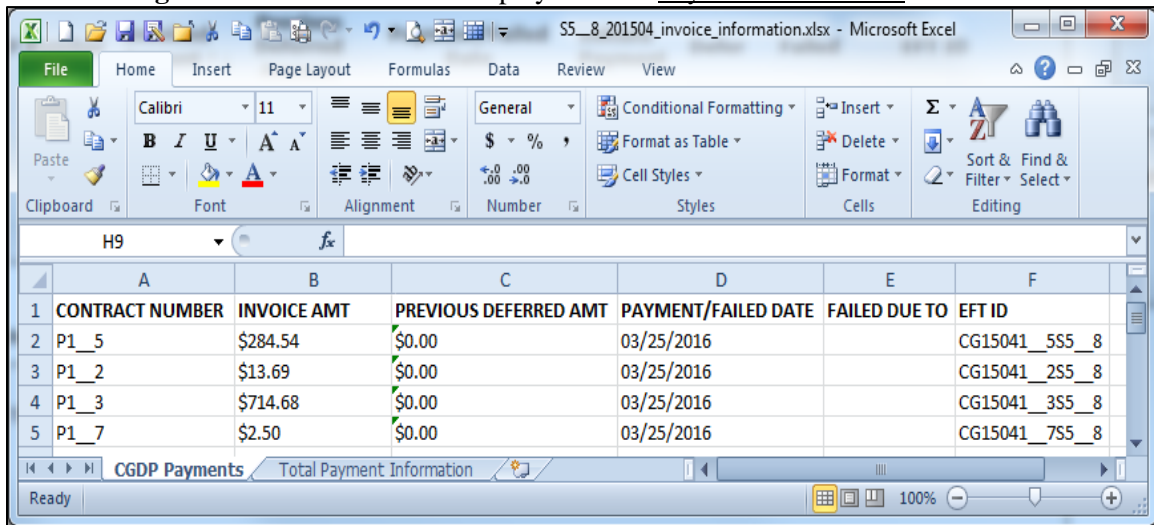

6. Select one (1) of the decision buttons in the message that appears at the bottom of the screen.
 - Open to view the active **Payment Initiation region** data in an Excel file format
 - Save to save the active **Payment Initiation region** data in Excel file format
 - Cancel to exit the decision message

This example displays the selected Open button.

7. After selecting the Open button, the file information for the active **Payment Initiation region** page will display in Microsoft Excel.

This example displays the invoice line items only found on the active page of the **Payment Initiation region** with the current date displayed in the Payment/Failed Date column.

Note: The Print icon will download and display invoice line items for only the active **Payment Initiation region** page. To view all invoice line items for a reporting period, refer to the [Accessing the Reporting Link](#) instruction for creating invoice reports.

Use the Microsoft Excel file(s) to determine which of the invoice line items to include in the batch text file.

8. For each invoice line item to be included in the batch text file, collect this information:

Header Record:

- Parent Organization ID
- Reporting Period

Detail Record(s):

- Contract Number
- P Number
- EFT ID information
- Payment date

Defer Invoice (Yes or No)

Once the information is collected for each invoice line item, create batch lines using information referenced in [Appendix C: Sponsor Payment Initiation Upload Batch Input Requirements](#) for assistance with formatting batch text files.

Batch Header Line consists of 'HDR' to notate header line followed by a semi-colon (;), Parent Org ID followed by a semi-colon (;) and Reporting Period, in YYYYQQ format.

Example of Batch Header line:

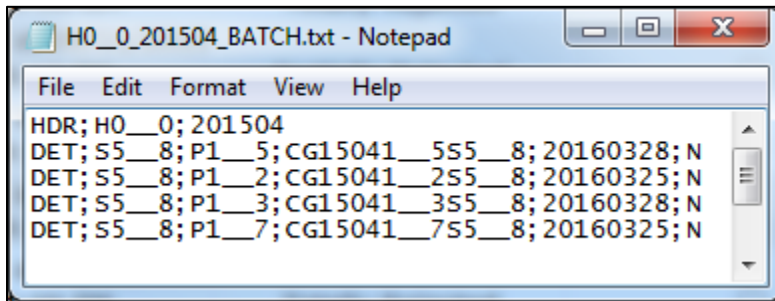

- HDR;H9999;YYYYQQ

Batch Detail Line consists of 'DET' to notate detail line followed by a semi-colon (;), contract number followed by a semi-colon (;), P number followed by a semi-colon (;), EFT ID information, in CGYYQQ9999H9999 format, followed by a semi-colon (;), Payment date, in CYYMMDD format, followed by a semi-colon (;), and 'N' for an invoice line item.

Example of an invoice line item:

- DET;H9999;P9999;CGYYQQ9999H9999;CYYMMDD;N

This example displays a batch text file containing one (1) header record and multiple invoice line item records.

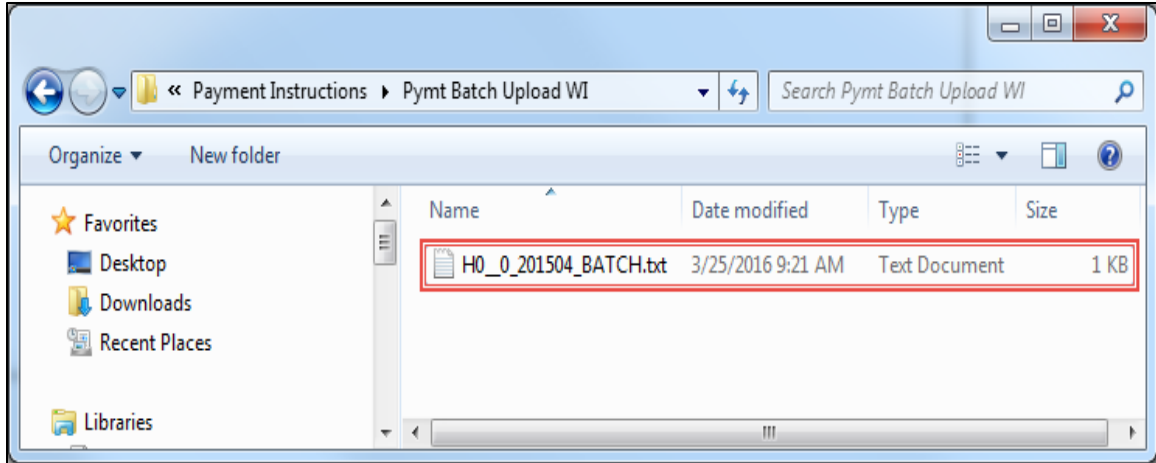

Note: Creation of batch text files can only contain invoice line items for the same reporting period.

9. Save the batch text file with all selected invoice line items using a Sponsor-determined file naming convention.
10. On the **Payments** tab, select the **Payment Initiation Upload region**.
11. Select the *Browse...* button to search for the batch text file to be loaded to the Portal.

12. Locate and select the batch text file to load to the Portal and select the *Open* button to upload the text file to the Portal.

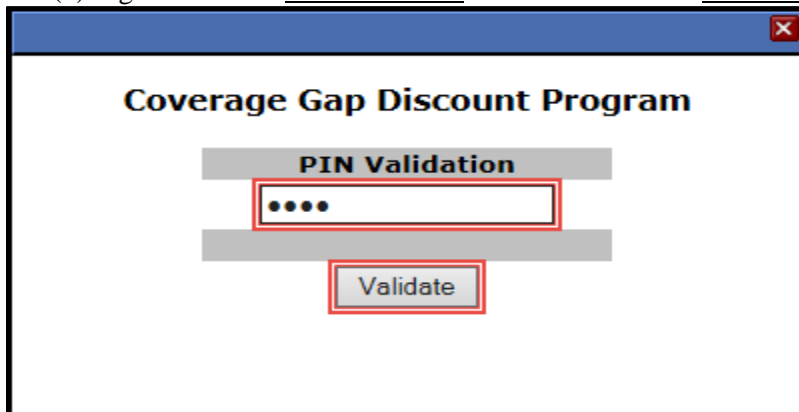

This example displays the search for a specific batch text file for upload to the Portal.

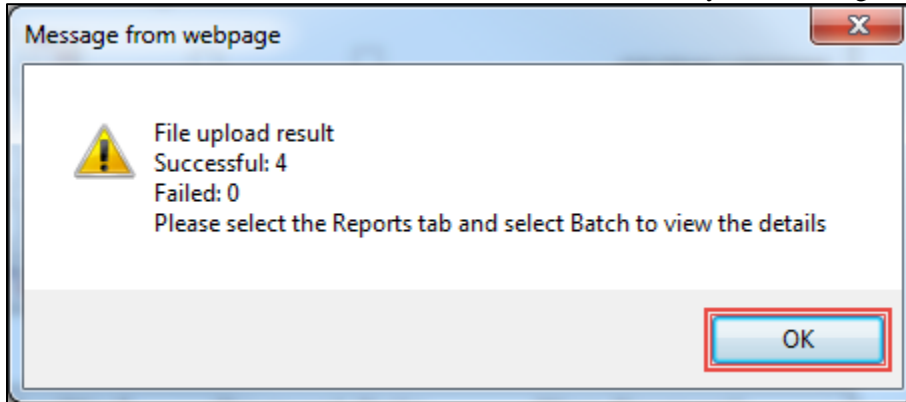

13. In the **Payment Initiation Upload** region, the computer location of the batch text file populates the field to the left of the *Browse...* button. Select the *Upload* button to load the text file to the Portal.

14. To process the submission of the payment initiation file, enter the **Payment Initiator** role four (4)-digit PIN in the *PIN Validation* form and select the *Validate* button.

15. After the Payment Initiation Upload process completes, the Portal will display a system-generated message providing information of the success/failure of invoice line items included in the batch text file. Select the OK button to close the system message.

16. To review batch text files, select the **Reports** tab and populate the Batch radio button for the selected batch file.

Parent Org. ID	Submission Date	Status	Download File	Last Download Date

17. Select one (1) of the decision buttons in the message that appears at the bottom of the screen.

- Open to view the data in text file format
- Save to save the data in text file format
- Cancel to exit the decision message

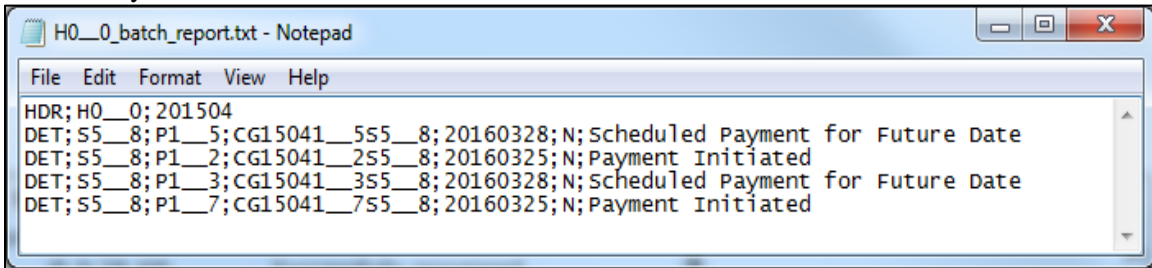

This example displays the selected Open button.

- Review the downloaded batch text file for processing messages following each batch file line item.

For failed batch file items each error should be reviewed and updated in a modified **Payment Initiation Upload** batch text file to correct the errors prior to uploading the batch text file to the Portal.

This example displays the downloaded batch text file containing multiple lines that processed successfully.

Note: Refer to the [Help](#) link located in the top right of any Portal tab or refer to [Appendix B: Error Message Descriptions](#) listing for system code descriptions displayed in batch reports.

- Return to the **Reports** tab to review the Last Download Date column populated with the most recent date and time of download for the file.

Processing Deferred Invoices

The Portal provides the ability to defer payment of distributed invoice line items to a subsequent reporting period *if*:

- The Total Available amount field in the **Payment Information region** totals less than the Portal's system-default allowable amount and
- A Sponsor's banking ACH process prevents processing of the total amounts selected for payment initiation that fall below their specified minimum dollar ACH processing amount for a specific payment date.

The payment initiation process used by the Portal initiates a lump sum debit from Sponsor bank accounts for the total amount of payments initiated per day, not individual line item debits.

Defer functionality becomes available if the amount listed in the Total Available field is less than the Portal's system-default allowable amount, currently designated as \$20.00 USD.

The instructions provided present different scenarios for how the Defer process functionality works.

The most important facts to know before deferring an invoice:

- All Sponsors are responsible for verifying their banking institution's specific threshold for low-dollar ACH amounts permitted for processing.
- The Portal processes initiated payments as a lump sum debit from Sponsor accounts for the total number of invoices selected to initiate on a specific day, not as individual invoice line items.

Defer Eligible Invoices – Total Available Is Less Than \$20.00 USD

This instruction provides direction on when to use the defer process.

Instruction Scenario:

Invoices distributed for a reporting period display a Total Available amount less than the Portal’s system-default allowable amount, currently set at \$20.00 USD. The Defer column displays check boxes for all available distributed invoice line items.

This Sponsor’s banking institution allows ACH processing for dollar amounts greater than \$5.00 USD. In this scenario, the Total Available amount of all invoices is less than this Sponsor’s bank ACH minimum threshold of \$5.00 USD, so all invoice line items are eligible for deferment.

Remember: Just because the Defer check box is available does not mean it should be used. Sponsors are responsible for verifying with their banking institution the specific threshold for low-dollar ACH amounts permitted for processing.

Note: Completion of this process is limited to Sponsor associates assigned the Payment Initiation role.

1. Authorized end users will access the Portal to review invoices due for payment and use the deferment process, if applicable. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the [TPAdministrator.com](#) website.
2. After successful login, the **Home** tab will appear. Select the specific type of invoice from the drop down list located in the Invoice Type field.

The screenshot shows the CMS Sponsor Portal interface. At the top, there are logos for PALMETTO GBA and CMS, along with navigation links like 'Contact Us', 'My Profile', 'Logout', 'Help', and 'Reporting'. The user is logged in as 'H0__0'. A navigation menu includes 'Home' (highlighted), 'Payments', 'Completed', 'Receipts', 'Reports', and 'Disputes'. Below the menu, the page title is 'Sponsor Portal Coverage Gap Discount Program Home'. There are filter dropdowns for 'Parent Org. ID' (H0__0), 'Invoice Type' (Quarterly), 'Contract Number' (ALL), 'Reporting Period' (ALL), and 'Status' (ALL). A table displays invoice data with columns for Invoice Type, Contract Number, Reporting Period, Status, and Select. A legend on the right explains the status codes: Available, Failed, Incomplete, N/A, Pending, and Successful. At the bottom right, there is a section for 'Reporting Periods with no invoice line items' showing a filter for Contract Number (H5__0) and Reporting Period (ALL), with a table listing Contract Number H5__0 and Reporting Period 201404.

- Populate the Select radio button for the applicable reporting period then select the **Payments** tab to view the invoice line items associated with the selected reporting period.

Invoice line items will no longer be available for deferment if the invoice line item(s) remains unprocessed for payment for 16 reporting periods. Invoice line item(s) in this status will require separate payment processing between the two (2) entities.

7. To process the submission of the deferred payment, enter the **Payment Initiation** role four (4)-digit PIN in the **PIN Validation** form and select the **Validate** button.

The screenshot shows a window titled "Coverage Gap Discount Program". Inside the window, there is a section labeled "PIN Validation". Non-Eligible Defer – Total Available Greater Than \$20.00 USD

This instruction provides direction on when the deferment process is not applicable.

Instruction Scenario:

Invoices distributed for a reporting period display a Total Available amount greater than the Portal’s system-default allowable amount, currently set at \$20.00 USD. The Defer check box does not display for any distributed invoice line item *if* the Total Available amount is greater than the Portal’s \$20.00 USD default amount.

In this scenario, the Total Available amount of all invoices is greater than the Portal’s default amount, so all invoice line items are eligible for payment processing and not deferment.

Remember: Sponsors are responsible for verifying with their banking institution the specific threshold for low-dollar ACH amounts permitted for processing.

Note: Completion of this process is limited to Sponsor associates assigned the Payment Initiation role.

1. Authorized end users will access the Portal to process payments for invoices not eligible for deferment. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the TPAdministrator.com website.
2. After successful login, the **Home** tab will appear. Select the specific type of invoice from the drop down list located in the Invoice Type field.

Below this is a table with columns: Invoice Type, Contract Number, Reporting Period, Status, and Select. The table lists three quarterly invoices, all with status 'Available'. The 'Select' column for the first row has a radio button that is selected. To the right, there are informational boxes: a welcome message, a legend for statuses (Available, Failed, Incomplete, N/A, Pending, Successful), and a section for 'Reporting Periods with no invoice line items' showing a list of contract numbers and reporting periods.

4. On the **Payments** tab, review the **Payment Information** region's Total Available field to note the total dollar amount of available invoices.

The screenshot shows the 'Sponsor Portal CGDP Payments' interface. It features the same navigation and search filters as the previous screenshot. Below the filters, there is a table with columns: P Number, Invoiced Amount, Previous Deferred Amount, Payment/Failed Date, Initiate Payment, Defer, Failed, and EFT ID. The table contains four rows of payment information. To the right, a 'Payment Information' box displays a summary of financial data, with 'Total Available' highlighted in red and showing a value of \$35.45. Below this is a 'Payment Initiation Upload' section with a 'Browse...' button and an 'Upload' button. At the bottom, a 'Pending Transactions' section indicates that there are no pending transactions at this time.

- Review the invoice line items in the **Payment Initiation region** and notice that the Defer check box is not available when the **Payment Information region's** Total Available field displays an amount greater than \$20.00 USD, even when invoice line item amounts are less than the Portal's system-default allowable amount.

Prior Reporting Period Defer – N/A Payable Invoices Distributed for Reporting Period

This instruction provides direction on how to process previously deferred items when the current reporting period has no payable invoice activity available.

Instruction Scenario:

Invoices deferred from a prior reporting period require additional processing. The current reporting period contains only distributed invoices for receipt from Manufacturers. No payable invoices are available.

In this scenario, the prior period deferred items require processing in the current period; however, the current period does not have any payable invoices. The Total Available amount of all invoices is less than this Sponsor’s bank ACH minimum threshold of \$5.00 USD, so all invoice line items are eligible for deferment

Remember: Sponsors are responsible for verifying with their banking institution the specific threshold for low-dollar ACH amounts permitted for processing.

Note: Completion of this process is limited to Sponsor associates assigned the Payment Initiation role.

1. Authorized end users will access the Portal to process previously deferred items when the current reporting period has no payable invoice activity available. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under References on the TPAdministrator.com website.
2. After successful login, the **Home** tab will appear. Select the specific type of invoice from the drop down list located in the Invoice Type field.

The screenshot shows the CMS Sponsor Portal interface. At the top, there are logos for Palmetto GBA and CMS, along with navigation links like 'Contact Us', 'My Profile', 'Logout', 'Help', and 'Reporting'. The user is logged in as 'HO_0' in a 'Test Environment'. A navigation bar includes 'Home' (highlighted with a red box), 'Payments', 'Completed', 'Receipts', 'Reports', and 'Disputes'. Below this is the 'Sponsor Portal Coverage Gap Discount Program Home' header. A filter section allows selection of 'Parent Org. ID' (HO_0), 'Invoice Type' (Quarterly, highlighted with a red box), 'Contract Number' (S5_2), 'Reporting Period' (ALL), and 'Status' (ALL). A table displays two rows of invoice data:

Invoice Type	Contract Number	Reporting Period	Status	Select
Quarterly	S5_2	201503	N/A	<input type="radio"/>
Quarterly	S5_2	201502	Successful	<input type="radio"/>

On the right side, there are informational messages: a welcome message, a note about selecting an item for payment functions, and a legend for invoice statuses: Available (ready for payment), Failed (unsuccessful attempt), Incomplete (not paid), N/A (no invoice due), Pending (initiated successfully), and Successful (paid successfully). At the bottom right, there is a section for 'Reporting Periods with no invoice line items' with filters for 'Contract Number' and 'Reporting Period' (both set to ALL).

- Populate the Select radio button for the applicable reporting period then select the **Payments** tab to view the invoice line items associated with the selected reporting period.

Invoice line items will no longer be available for deferment if the invoice line item(s) remains unprocessed for payment for 16 reporting periods. Invoice line item(s) in this status will require payment processing between the two (2) entities.

7. To process the submission of the deferred payment, enter the **Payment Initiation** role four (4)-digit PIN in the **PIN Validation** form and select the **Validate** button.

The screenshot shows a web application window titled "Coverage Gap Discount Program". Inside the window, there is a section titled "PIN Validation". Below this title is a text input field containing four dots, representing a masked PIN. A red rectangular box highlights this input field. Below the input field is a button labeled "Validate", which is also highlighted with a red rectangular box.

The system displays a Message from Webpage after selecting the **Submit** button.

The screenshot shows a dialog box titled "Message from webpage". The dialog box contains a warning message with a question mark icon. The text of the warning is: "Warning: By selecting 'OK' below, you acknowledge that you are unable to pay this amount because it falls below the minimum amount your bank allows for ACH transactions. You also acknowledge that this amount is still owed to the payee and expected to be paid at such time when: (1.) Other small amounts can be combined which exceed your banks minimum payment restrictions or (2.) The amount has been deferred for 16 quarters and the deferred amount must be made by other means, mutually agreeable to both parties.)". At the bottom of the dialog box, there are two buttons: "OK" and "Cancel". The "OK" button is highlighted with a red rectangular box.

Note: Selecting the **OK** button to defer the invoice line item to the subsequent period creates an irreversible event.

If it is determined that the selected line is not the correct deferrable invoice to process, utilize the **Cancel** button to exit the message screen and update the invoice line item.

8. Select **OK** to defer the selected invoice line item.

9. Once the defer process is complete, review the **Payment Information** region's Total Previously Deferred and Total Available fields for updated amounts.

Prior Reporting Period Defer – No Invoices Distributed for Current Reporting Period

This instruction provides direction on how to process previously deferred items when the current reporting period has no invoice activity available.

Instruction Scenario:

Invoices deferred from a prior reporting period require additional processing. The current reporting period did not receive distributed invoices available for payment or receipt. The Portal updates the prior reporting period status to Incomplete as well as updating the reporting period line item with a red font. Users are required to review any reporting periods with statuses other than Successful and perform processing as necessary to remain in program compliance.

In this scenario, the prior period deferred items require processing, even though the current period has no invoices distributed for payment or receipt. The Total Available amount of all invoices is less than this Sponsor's bank ACH minimum threshold of \$5.00 USD, so all invoice line items are eligible for deferment.

Remember: Sponsors are responsible for verifying with their banking institution the specific threshold for low-dollar ACH amounts permitted for processing.

Note: Completion of this process is limited to Manufacturer associates assigned the Payment Initiation role.

CGDP Portal – Payments Tab: Benefit Year (BY) Closeout Invoices

The release of Benefit Year (BY) Closeout Invoice Reports for Part D Sponsors occurs annually through the TPA approximately fifteen (15) months after a benefit year's Quarter 17 (Q17) invoice receipt date. This reporting process allows the Part D Sponsor to remit payment for any successfully disputed gap discounts invoiced in Q17 and for any successful disputes from previous quarters of the benefit year in which the Part D Sponsor has only recently corrected. If an upheld dispute for a gap discount invoiced in Q17 occurs, it is possible that the Sponsor would need to reimburse the Manufacturer for all or some portion of the successfully disputed gap discount amount.

Sponsors are required to process BY Closeout invoice line item payments on an annual basis within 38 calendar days from receipt of the distributed invoices. The Portal allows a user to process payments for BY Closeout invoice line items with a default payment date of the current calendar day.

The **Payments** tab allows a user to review and process payment information for invoice line items by contract number.

The screenshot shows the 'Payments' tab in the CGDP Sponsor Portal. At the top, there are logos for Palmetto GBA and CMS. The navigation menu includes Home, Payments (highlighted), Completed, Receipts, Reports, and Disputes. The main heading is 'Sponsor Portal CGDP Payments'. Below this, there are filters for 'Reimbursement Report Year: 2016' and 'Payments due: 08/19/2016'. A search bar contains 'P Number: ALL', 'Parent Org. ID: H8_4', and 'Contract Number: H8_4'. A table with 8 columns (P Number, Invoiced Amount, Previous Deferred Amount, Payment/Failed Date, Initiate Payment, Defer, Failed, EFT ID) shows one row with P Number 'P1_6', Invoiced Amount '\$3,897.86', and EFT ID 'UD20161206H8554'. To the right, a 'Payment Information' box shows a summary: Total Invoiced (\$3,897.86), Total Failed (\$0.00), Total Current Deferred (\$0.00), Total Previously Deferred (\$0.00), Total Pending (\$0.00), Total Successful (\$0.00), and Total Available (\$3,897.86). At the bottom, a 'Pending Transactions' section is empty.

For the BY Closeout, the three (3) differences between quarterly invoice processing and BY Closeout processing are:

- Update of the **Invoice Reporting Period region** to the **Reimbursement Report Year region**
- Update to the format of the **EFT ID** column pertaining to BY Closeout invoices in the **Payment Initiation region**
- Absence of the **Payment Initiation Upload region** in the **Payments** tab

All other **Payments** tab functionality remains the same.

Coming up, the next page will display the regions that contain differences in the **Payments** tab based on processing BY Closeout invoices. All other **Payments** tab functionality remains the same as quarterly invoice processing.

Reimbursement Report Year Region

For BY Closeout invoicing, this section of the **Payments** tab displays the specified reimbursement report year, in YYYY format, based on the Invoice Type selected in the **Filter region** on the **Home** tab.

In the example displayed, the distributed invoice line items appearing in the **Payment Initiation region** are associated with the reimbursement report year listed in the **Reimbursement Report Year region**.

② **Reimbursement Report Year: 2016**

Payment Initiation Region

This region contains the same eleven fields that are available when processing quarterly invoice payments that assist a user in processing invoice line items for payment.

The following column has updated information for the BY Closeout invoice processing.

- I. EFT ID column provides a descriptive identifier for distributed invoice payments made to Manufacturers to allow reconciliation of payments received.

Processing BY Closeout Invoice Payments

This instruction provides Sponsors direction on the steps needed to process individual invoice line item payments for BY Closeout invoices utilizing the current calendar day as the payment initiation date.

All Payment functionality, save for the **Payment Batch Upload** functionality, is available for Sponsors to use to process BY Closeout invoices. These payment functionalities include:

- *Processing Future Dated Invoice Payments*
- *Initiate All Payment Processing Functionality*
- *Processing Stop Payments*
- *Processing Deferred Invoices*

Note: Completion of this process is limited to Sponsor associates assigned the **Payment Initiator** role.

CGDP Portal – Completed Tab: Quarterly Invoices

The **Completed** tab allows the user to review completed payment information for invoice line items by P number.

The screenshot shows the 'Completed' tab in the CGDP Sponsor Portal. At the top, there are navigation tabs: Home, Payments, **Completed** (highlighted with a red box and circled 1), Receipts, Reports, and Disputes. Below the tabs is the 'Sponsor Portal' header with the 'CGDP Completed Payments' sub-header. A filter bar contains: P Number: ALL (dropdown), Parent Org. ID: E0__4, Contract Number: E0__4 (dropdown), and 1 - 5 out of 5. To the right of the filter bar is the 'Invoice Reporting Period: 201502' (circled 2). Below the filter bar is a table of invoice line items (circled 5) with columns: P Number, Invoiced Amount, Payment Date, Status, and EFTID. To the right of the table is a 'Payment Information for E0__4' box (circled 4) showing totals for Invoiced, Received, Deferred, Pending, Failed, and Outstanding. Below the table is a note: 'To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.' To the right of the note is a 'Possible Statuses' box (circled 6) defining Deferred, Pending, and Successful statuses. At the bottom of the page is the copyright notice: © 2017 PALMETTO GBA, LLC | DISCLAIMER | PRIVACY POLICY | GET ADOBE READER.

The **Completed** tab has six (6) regions.

1. **Tabbed region** displays the tab that is currently active and tabs available for selection.
2. **Invoice Reporting Period region** displays the specified quarterly reporting period for the invoice line items based on the reporting period selected in the **Home Filter region**, in YYYYQQ format.
3. **Filter region – Completed** allows a user to search data listed by the defaulted Parent Org. ID.
4. **Completed Payment Information region** displays the numerical totals of all invoice line items and the different categories that each invoice line item may qualify as at a specific point in time. Invoice line items reclassify as they process through the system.
5. **Completed Transactions region** displays results based on data entered in the **Completed Filter region**.
6. **Status Definitions region** provides definitions of the statuses displayed in the **Completed Transaction region**.

The upcoming pages will describe each region and its associated functions.

Tabbed region - Completed

The **Tabbed region** allows a user to select different activities to perform while accessing the system. This example displays the active **Completed** tab.

Invoice Reporting Period Region

This section of the **Completed** tab displays the specified reporting quarter, in YYYYQQ format, based on the reporting period selected in the **Filter region** on the **Home** tab.

In this example, the completed invoice line items appearing in the **Filter Results region** on the **Completed** tab are associated with the reporting period listed in the **Invoice Reporting Period region**.

This region also contains a footnote regarding the data displayed in the **Invoice Reporting Period region**. This footnote provides a user instruction on how to review completed payments for a different reporting period.

To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

Filter Region – Completed

The **Filter region** on the **Completed** tab contains four (4) fields to assist a user with narrowing invoice line item search criteria.

- A. P Number field allows a user to select specific P numbers for completed invoice line items.
Note: this field's drop down menu will only allow update to P numbers that have completed invoice line items in the same reporting period. The field defaults to 'ALL', which displays all P numbers for the reporting period.
- B. Parent Org. ID column defaults to the Parent Organization ID utilized to access the system.
- C. Contract Number field displays the contract number for completed invoice line items. This field defaults based on the distributed invoice selected on the **Home** tab. This field's drop down menu provides update capability to select another contract number from those assigned to the Parent Organization ID for the same reporting period.
- D. Item Count column displays the number of invoice line items displayed on the current page of the total number of invoices included for the reporting period.

Payment Information Region

The **Payment Information region** provides a summary view of activities that occur on the **Completed** tab.

This region provides up-to-date data regarding completed invoice line item activity in a two (2)-column table with seven (7) rows.

4

Payment Information for E0 __4

B	Total Received	\$347.61
C	Total Deferred	\$0.00
D	Total Pending	\$271.69
E	Total Failed	\$0.00
F	Total Outstanding	\$0.00

- A. Total Invoiced displays total dollar amount of distributed invoice line items for the reporting period.
- B. Total Received displays the total dollar amount of invoice line items that have successfully processed. The status of Successful displays in the **Completed Transaction region** in the Status field.
- C. Total Deferred displays the total dollar amount of invoice line items deferred to the subsequent reporting period.
- D. Total Pending displays the total dollar amount of invoice line items selected for payment for the reporting period.
- E. Total Failed displays the total dollar amount of invoice line items selected for payment that contained errors and did not complete the payment process for the reporting period. Failed invoice line items appear on the **Payments** tab in the **Payment Initiation region** in the Failed field.
- F. Total Outstanding displays the total dollar amount of remaining invoice line items requiring processing.

Completed Transactions Region

The **Completed Transactions region** provides a detail view of successful payments or deferred invoices.

This region contains five (5) columns that provide up-to-date data regarding paid invoice activity.

5 ^A <u>P Number</u>	^B <u>Invoiced Amount</u>	^C <u>Payment Date</u>	^D <u>Status</u>	^E <u>EFTID</u>

P1__4	\$0.18	03/26/2016	Successful	CG15021__4E0__4

- A. P Number column displays the P number.
- B. Invoiced Amount column displays the invoice line item amounts due to the Manufacturer.
- C. Payment Date column displays information regarding the status of the payment.
 - Displays calendar date, in MM/DD/YYYY format, for the date that initiates the request for withdrawal or deferment of scheduled funds from user's bank account.
- D. Status column provides explanations of each of the statuses that may display regarding completed payments.
- E. EFT ID column displays EFT identifying information in the specified format of CG for Coverage Gap, YYQQ for the reporting period, 9999 for the P Number without the P, and Z9999 for the contract number. Example: CG15029999H9999.

Status Definitions Region

The **Status Definitions region** on the **Completed** tab provides explanations of each of the statuses that may display in the **Completed Transactions region**.

Deferred	Payer has determined that the amount owed is below their bank's ACH minimums
Pending	Payer initiation was successful. The debiting process, holding period and crediting process still remain
Successful	Funds should now be available in the payee's account

CGDP Portal Instructions – Completed Tab: Quarterly Invoices

Reviewing Quarterly Invoices on the Completed Tab

Sponsors can utilize the Portal to view the status of invoice line items that have completed processing. The **Completed** tab provides Sponsors with the capability to view deferred, pending, or successful Quarterly invoice payments.

This instruction provides direction on accessing and reviewing the **Completed** tab and its contents in reference to Quarterly invoices.

1. Authorized end users will access the Portal to view the status of quarterly invoice line items that have completed processing. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the [TPAdministrator.com](#) website.
2. After successful login, the **Home** tab will appear. Select the applicable type of invoice from the drop down list located in the Invoice Type field.

The screenshot shows the 'Completed' tab of the CGDP Sponsor Portal. At the top, there are navigation tabs: Home (highlighted with a red box), Payments, Completed, Receipts, Reports, and Disputes. Below the navigation is the 'Sponsor Portal Coverage Gap Discount Program Home' header. A filter section includes 'Parent Org. ID' (H0...0), 'Invoice Type' (Quarterly, highlighted with a red box), 'Contract Number' (ALL), 'Reporting Period' (ALL), and 'Status' (ALL). A table displays invoice line items with columns for Invoice Type, Contract Number, Reporting Period, Status, and Select. To the right, there are informational messages: a welcome message, a note about payment functions, a legend for invoice statuses (Available, Failed, Incomplete, Pending, Successful), and a section for 'Reporting Periods with no invoice line items' showing a filter for Contract Number (H7...7) and Reporting Period (ALL).

Invoice Type	Contract Number	Reporting Period	Status	Select

- Populate the **Select** radio button for the applicable reporting period then select the **Completed** tab to view the invoice line items associated with the selected reporting period.

The screenshot shows the 'Completed' tab in the Sponsor Portal. At the top, there are navigation links: Contact Us, My Profile, Logout, Help, Reporting. The user is logged on as H0__0. Below the navigation bar, there are tabs: Home, Payments, **Completed**, Receipts, Reports, Disputes. The main heading is 'Sponsor Portal Coverage Gap Discount Program Home'. There are filter dropdowns for Parent Org. ID (H0__0), Invoice Type (Quarterly), Contract Number (ALL), Reporting Period (ALL), and Status (ALL). A table of invoice line items is displayed with columns: Invoice Type, Contract Number, Reporting Period, Status, and Select. The 'Select' column contains radio buttons. The row for Reporting Period 201503 is selected. To the right, there is a welcome message and a legend for invoice statuses: Available, Failed, Incomplete, N/A, Pending, and Successful. Below the legend, there is a section for 'Reporting Periods with no invoice line items' showing a filter for Contract Number (H7__7) and Reporting Period (ALL).

- On the **Completed** tab, select the applicable **Contract Number** from the drop down list located in the **Filter** region.

The screenshot shows the 'Completed' tab in the Sponsor Portal. At the top, there are navigation links: Contact Us, My Profile, Logout, Help, Reporting. The user is logged on as AJ23. Below the navigation bar, there are tabs: Home, Payments, **Completed**, Receipts, Reports, Disputes. The main heading is 'Sponsor Portal CGDP Completed Payments'. There are filter dropdowns for P Number (ALL), Parent Org. ID (E0__4), Contract Number (E0__4), and Invoice Reporting Period (201502). A table of completed payments is displayed with columns: P Number, Invoiced Amount, Payment Date, Status, and EFTID. To the right, there is a 'Payment Information for E0__4' summary table and a 'Possible Statuses' legend. Below the table, there is a footnote: ¹To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

- On the **Completed** tab, review the **Payment Information region** for pending and successful invoice line items.

The screenshot shows the 'Completed' tab selected in the navigation menu. The page title is 'Sponsor Portal CGDP Completed Payments'. The 'Invoice Reporting Period' is set to '201502'. The search filters show 'P Number: ALL', 'Parent Org. ID: E0_4', and 'Contract Number: E0_4'. A table lists invoice items with columns for P Number, Invoiced Amount, Payment Date, Status, and EFTID. The 'Payment Information for E0_4' box shows a summary of totals: Total Invoiced (\$619.30), Total Received (\$347.61), Total Deferred (\$0.00), Total Pending (\$271.69), Total Failed (\$0.00), and Total Outstanding (\$0.00). A 'Possible Statuses' box explains the meanings of Deferred, Pending, and Successful.

P1__4	\$0.18	03/26/2016	Successful	CG15021__4E0__4

Note: Deferred invoice line items are **only** available when the **Total Available** field's total is less than \$20.00 USD **and** the Sponsor's bank ACH process prevents processing total amounts selected for payment initiation that fall below their bank's specified minimum ACH processing amount.

- Review the invoice line items in the **Completed Transactions region** and locate an invoice line item with the **Status** column populated with *Successful*. A successful invoice line item denotes that fund should be available in the payee's account.

This screenshot is identical to the one above, but with a red rectangular box highlighting the row for P Number 'P1__4' in the invoice table, which has a status of 'Successful'. The 'Payment Information' and 'Possible Statuses' boxes remain the same.

- Review the invoice line items in the **Completed Transactions region** and locate an invoice line item with the Status column populated with *Pending*. A *Pending* status denotes that an invoice line item initially passed the payment initiation process, but the debiting process, holding period and crediting processes remain to be completed.

The screenshot shows the 'Completed' tab in the 'CGDP Completed Payments' section. The 'Invoice Reporting Period' is set to 201502. The table below shows invoice line items with their respective amounts, dates, and statuses. Two items are highlighted with a red box, both showing a 'Pending' status.

- Pending** Payer initiation was successful. The debiting process, holding period and crediting process still remain
- Successful** Funds should now be available in the payee's account

Remember: Defer is applicable **only** if the Sponsor's bank ACH process prevents payment of invoice line items that fall below the Sponsors banking institutions' minimum ACH processing amount **and** the Total Available amount of invoices distributed is less than \$20.00 USD.

You have now completed reviewing completed invoice line items.

CGDP Portal – Completed Tab: Benefit Year (BY) Closeout Invoices

The **Completed** tab also allows a user to review completed payment information for BY Closeout invoice line items by contract number.

The screenshot shows the 'Completed' tab in the CGDP Sponsor Portal. The page title is 'Sponsor Portal CGDP Completed Payments'. The user is logged in as S5__0. The navigation menu includes Home, Payments, Completed (highlighted), Receipts, Reports, and Disputes. The search filters show 'P Number: ALL', 'Parent Org. ID: S5__0', and 'Contract Number: S5__0'. The 'Reimbursement Report Year' is set to 2016. A table of payment transactions is displayed with columns for P Number, Invoiced Amount, Payment Date, Status, and EFTID. The table contains five rows of data. To the right, there is a 'Payment Information for S5__0' summary box and a 'Possible Statuses' box.

To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

For the BY Closeout **Completed** page, the differences between quarterly invoice processing and BY Closeout processing are:

- Update of the **Invoice Reporting Period** region to the **Reimbursement Report Year region**
- Update to the format of the **EFT ID** column pertaining to BY Closeout invoices in the **Completed Payment Transactions region**

All other **Receipts** tab functionality remains the same.

The next page will display the regions that contain differences in the **Completed** tab based on processing BY Closeout invoices. All other **Completed** tab functionality remains the same as quarterly invoice processing.

Reimbursement Report Year Region

For BY Closeout invoicing, this section of the **Completed** tab displays the specified reimbursement report period, in YYYY format, based on the invoicing period selected on the **Home** tab.

In this example, the report year listed in the **Reimbursement Report Year region** is associated with the completed invoice line items appearing in the Completed **Filter Results region**.

2 Reimbursement Report Year: 2016 1

This region also contains a footnote regarding the data displayed in the **Reimbursement Report Year region**. This footnote provides a user instruction on how to review completed payments for a different reporting period.

To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

- **H9999**: Sponsor contract number

CGDP Portal Instructions –Completed Tab: Benefit Year (BY) Closeout Invoices

Reviewing BY Closeout Invoices on the Completed Tab

Sponsors can utilize the Portal to view the status of BY Closeout invoice line items have completed processing. The **Completed** tab allows a user to view the status of BY Closeout invoices, such as deferred, pending, or successful BY Closeout invoice payments.

This instruction provides direction on accessing and reviewing the **Completed** tab and its contents in reference to BY Closeout invoices.

1. Authorized end users will access the Portal to view the status of BY Closeout invoice line items that have completed processing. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the [TPAdministrator.com](#) website.
2. After successful login, the **Home** tab will appear. Select the applicable type of invoice from the drop down list located in the **Invoice Type** field. In this instruction, select BY Closeout.

The screenshot displays the 'Completed' tab of the CGDP Sponsor Portal. At the top, there are navigation tabs: Home (highlighted with a red box), Payments, Completed, Receipts, Reports, and Disputes. Below the navigation is the 'Sponsor Portal Coverage Gap Discount Program Home' header. A filter section includes 'Parent Org. ID' (S5__0), 'Invoice Type' (BY Closeout, highlighted with a red box), 'Contract Number' (ALL), 'Reporting Period' (ALL), and 'Status' (ALL). A table lists invoice details with columns for Invoice Type, Parent Org. ID, Contract Number, Reporting Period, Status, and a Select column. The table contains six rows of data. To the right of the table are several informational boxes: a welcome message, a note about payment functions, a legend for invoice statuses (Available, Failed, Incomplete, N/A, Pending, Successful), and a section for 'Reporting Periods with no invoice line items' which includes a filter by Contract Number (S5__0) and Reporting Period (ALL).

Invoice Type	Parent Org. ID	Contract Number	Reporting Period	Status	Select
BY Closeout	S5__0	H0__6	2016	Successful	<input type="radio"/>
BY Closeout	S5__0	H0__3	2016	Successful	<input type="radio"/>

- On the **Completed** tab, select the applicable Contract Number from the drop down list located in the **Filter** region.

The screenshot shows the 'Completed Payments' tab. The navigation tabs are the same as in the previous screenshot. The main heading is 'CGDP Completed Payments'. Below it, there are filters for P Number (ALL), Parent Org. ID (S5__0), and Contract Number (H0__3). A table displays payment details with columns for P Number, Invoiced Amount, Payment Date, Status, and EFTID. To the right, a 'Payment Information for S5__0' summary table shows totals for Invoiced, Received, Deferred, Pending, Failed, and Outstanding amounts. Below the payment table is a note about viewing completed payments for different reporting periods. To the right, a 'Possible Statuses' legend explains Deferred, Pending, and Successful statuses.

Total Received	\$673.22
Total Deferred	\$0.00
Total Pending	\$12.50
Total Failed	\$0.00
Total Outstanding	\$0.00

Possible Statuses

- Deferred** Payer has determined that the amount owed is below their bank's ACH minimums
- Pending** Payer initiation was successful. The debiting process, holding period and crediting process still remain
- Successful** Funds should now be available in the payee's account

To view completed payments for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

- Review the invoice line items in the **Completed Transactions region** and locate an invoice line item with the Status column populated with Successful. A successful invoice line item denotes that fund should be available in the payee's account. Totals for successfully processed payments will appear in the Total Received field in the **Payment Information region**.

This screenshot is identical to the one above, but with red boxes highlighting the successful payment rows in the table and the 'Total Received' field in the summary box. The 'Total Received' field is highlighted with a red box, showing a value of \$673.22.

- Review the invoice line items in the **Completed Transactions region** and locate an invoice line item with the Status column populated with *Pending*. A *Pending* status denotes that an invoice line item initially passed the payment initiation process, but the debiting process, holding period and crediting processes remain to be completed.

The screenshot shows the 'CGDP Completed Payments' page for the 2016 reporting year. The 'Completed' tab is selected. The search filters show Parent Org. ID: S5__0 and Contract Number: H0__3. A table of invoice line items is displayed, with the following data:

P Number	Invoiced Amount	Payment Date	Status	EFTID
P1__8	\$13.38	08/22/2016	Successful	UD20161__8S5__0
P1__9	\$644.50	08/22/2016	Successful	UD20161__9S5__0
P1__7	\$15.34	08/22/2016	Successful	UD20161__7S5__0
P1__5	\$12.50	08/22/2016	Pending	UD20161__5S5__0

The 'Pending' status for P1__5 is highlighted with a red box. To the right, the 'Payment Information for S5__0' summary shows:

Total Invoiced	\$685.72
Total Received	\$673.22
Total Deferred	\$0.00
Total Pending	\$12.50
Total Failed	\$0.00
Total Outstanding	\$0.00

A 'Possible Statuses' box explains that 'Pending' means 'Payer initiation was successful. The debiting process, holding period and crediting process still remain'.

- For reporting periods where the distributed invoices' Total Available equals less than \$20.00 USD and the invoices have been deferred, the Status column in the **Completed Transactions region** will display *Deferred*.

The screenshot shows the 'CGDP Completed Payments' page for the 2016 reporting year. The 'Completed' tab is selected. The search filters show Parent Org. ID: H8__4 and Contract Number: H8__4. A table of invoice line items is displayed, with the following data:

P Number	Invoiced Amount	Payment Date	Status	EFTID
P1__6	\$6.43	06/21/2016	Deferred	UD20161__6H8__4

The 'Deferred' status for P1__6 is highlighted with a red box. To the right, the 'Payment Information for H8__4' summary shows:

Total Invoiced	\$6.43
Total Received	\$0.00
Total Deferred	\$6.43
Total Pending	\$0.00
Total Failed	\$0.00
Total Outstanding	\$0.00

A 'Possible Statuses' box explains that 'Deferred' means 'Payer has determined that the amount owed is below their bank's ACH minimums'.

Remember: Defer is applicable **only** if the Sponsor's bank ACH process prevents payment of invoice line items that fall below the Sponsors banking institutions minimum ACH processing amount **and** the Total Available amount of invoices distributed is less than \$20.00 USD.

You have now completed reviewing completed invoice line items for BY Closeout.

¹To view receipts for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

The invoice line item selected on the **Home** tab drives information displayed on the **Receipts** tab.

The **Receipts** tab contains six (6) regions.

- 1. Tabbed region** displays the tab that is currently active and tabs available for selection.
- 2. Invoice Reporting Period region** displays the specified quarterly reporting period for the invoice line items, in YYYYQQ format, based on the reporting period selected in the **Filter region** on the **Home** tab.
- 3. Filter region – Receipts** allows a user to search data listed by the defaulted Parent Org. ID.
- 4. Receipt Information region** displays the numerical totals of all invoice line items. Also displays statuses that each invoice line item may qualify as at a specific point in time. Invoice line item statuses reclassify as they process through the system.
- 5. Receipts Transactions region** displays results based on data entered in the **Filter region** on the **Receipts** tab.
- 6. Status Definitions region** provides definitions of the statuses displayed in the **Receipts Transactions region**.

The upcoming pages will describe each region and its associated functions.

Tabbed Region – Receipts

The **Tabbed region** allows a user to select different activities to perform while accessing the system. In this example, the **Receipts** tab is active.

Invoice Reporting Period Region

This section of the **Receipts** tab displays the specified reporting period, in YYYYQQ format, based on the reporting period selected in the **Filter region** on the **Home** tab.

In this example, the reporting period listed in the **Invoice Reporting Period region** is associated with the completed invoice line items appearing in the **Receipts Filter Results region**.

This region also contains a footnote regarding the data displayed in the **Invoice Reporting Period region**. This footnote provides a user instruction on how to review receipt of payments for a different reporting period.

To view receipts for a different reporting period, return to the Home tab and select the radio button line item that contains the desired reporting period.

Filter Region – Receipts

The **Filter region** on the **Receipts** tab contains four (4) fields to assist a user with narrowing invoice line item search criteria.

- A. P Number field allows a user to select specific P Number from the drop down list. The field defaults to 'ALL', which displays all P numbers for the reporting period. The drop down list provides update capability to select another P number with line items due within the same reporting period for the selected contract number displayed in the Contract Number field.
- B. Parent Org. ID column defaults to the Parent Organization ID utilized to access the system.
- C. Contract Number field displays the contract number for invoice line items. This field defaults based on the distributed invoice selected on the **Home** tab. The drop down list provides update capability to select another contract number from those assigned to the Parent Organization ID.
Note: this field will only allow update to Contract Numbers that have invoice line items for the same reporting period. In order to view a different reporting period, a user will need to return to the **Home** tab and select a distributed invoice with a different reporting period.
- D. Item Count column displays the number of invoice line items displayed on the current page of the total number of invoices included for the reporting period.

Receipt Information Region

The **Receipt Information region** provides a summary view of activities that occur on the **Receipts** tab.

This region provides up-to-date data regarding invoice line item activity in a two (2)-column table with six (6) rows.

4

Receipt Information for H7__7		
A	Total Owed	\$55,288.76
B	Total Received	\$1,016.86
C	Total Deferred	\$0.50
D	Total Pending	\$1,671.92
E	Total Outstanding	\$52,599.48

- A. Total Owed displays total dollar amount of invoice line items due from Manufacturers.
- B. Total Received displays the total dollar amount of invoice line items received from Manufacturers.
- C. Total Deferred displays the total dollar amount of deferred invoice line items less than the system-default allowable amount not received from Manufacturers.
- D. Total Pending displays total dollar amount of payments initiated but not finalized.
- E. Total Outstanding displays the total dollar amount of remaining invoice line items requiring payment from Manufacturers.

Receipts Transactions Region

The **Receipts Transactions region** contains five (5) columns that provide a list of invoice line items that are pending completion of the payment process from a Manufacturer.

Note: To generate Excel reports of the invoices listed on the **Receipts** tab, use the **CGDP Portal Instructions – Reporting Link** instructions.

- A. P Number column displays the P number.
- B. Invoiced Amount column displays the invoice line item amounts due from the Manufacturer.

- C. Payment Date column displays the date the invoice line items processed.
 - Displays calendar date, in MM/DD/YYYY format, for payments containing a status of 'Received'.
 - Displays blank field for payments containing a status of 'Deferred', 'Outstanding' or 'Pending'.
- D. Status column displays the status of invoice line items.
- E. EFT ID column displays EFT identifying information in the specified format of CG for Coverage Gap, YYQQ for the reporting period, 9999 for the P number without the P, and H9999 for the contract number. Example: CG15029999H9999.

Status Definitions Region

The **Status Definitions region** provides explanations of each of the statuses that may display in the **Receipts Transactions region** in a two (2)-column table with six (6) rows.

6 Possible Statuses	
Deferred	Payer has determined that the amount owed is below their bank's ACH minimums
Failed	Debiting of the Payer's account or crediting of your account was unsuccessful
Outstanding	Payer has not yet initiated payment
Pending	Payer has initiated payment. The debiting process, holding period and crediting process still remain
Received	Funds should now be available in your account

Reviewing High Dollar Invoice Line Item (\$100M+) Receipts Information

Sponsors may receive what appear to be duplicate invoice line items payable from the same Manufacturer P Number in a specific quarter. These line items are derived from a single invoice line item that exceeded the National Automated Clearing House Association (Nacha) size limit of \$99,999,999.99 for automated clearing house (ACH) payments in the Portal for the applicable quarter. Any invoice line item that is equal to or exceeds \$100,000,000.00 (\$100M+) is referred to as a high dollar invoice line item.

When a high dollar invoice line item occurs in an invoice reporting period, the original invoice line item will be equally split into two invoice line items and will be formatted in **bold** to stand out from other line items. An example of a **bolded** split line item is provided in the screen shot below. The split line items will be the same, i.e. appear to be a duplicate amount if the \$100M+ high dollar invoice line item was an even dollar amount or will have a \$0.01 difference in amounts if the \$100M+ high dollar invoice line item was an odd dollar amount.

These invoice line items are loaded to the Portal for the same P Number and displayed on the Sponsor Portal under the **Receipts Tab** as **bolded** invoice line items.

When a Sponsor will be receiving a high dollar invoice line item(s) split into two invoice line items in the **Receipts Tab** in a reporting period, the TPA will also individually notify the Sponsor's TPA Payment Initiator role (HPMS's Coverage Gap Discount Program (CGDP) Payment Contact) and TPA Primary Contact role (HPMS's TPA Liaison) via email.

The screenshot shows the 'Sponsor Portal' interface for 'CGDP Receipts'. The 'Receipts' tab is selected. The page displays a table of invoice line items with columns for P Number, Invoiced Amount, Payment Date, Status, and EFTID. Two entries are highlighted in bold: P1_9 with an amount of \$52,261,479.43 and P1_9 with an amount of \$52,261,479.42, both dated 06/05/2020 and with a status of 'Outstanding'. To the right of the table is a 'Receipt Information for S5_1' summary box showing totals for Owed, Received, Deferred, Pending, and Outstanding amounts. Below the table is a legend for 'Possible Statuses' including Failed, Deferred, Outstanding, Pending, and Received.

The reports available on the **Reports Tab** will contain the original invoice showing the single high dollar invoice line item amount, not the split dollar amounts. The Summary Report will not have any changes to its format, which Sponsors are able to download via the **Reports Tab**. Refer to the [Accessing Quarterly Invoice Reports](#) instruction located in the **CGDP Sponsor Portal Reports Users Guide** located under [References](#) on the TPAAdministrator.com website to download the Summary Report.

CGDP Portal Instructions – Receipts

Reviewing Invoices on the Receipts Tab

Sponsors can utilize the CGDP Portal to view the status of invoice line items that are due for receipt from Manufacturers. The invoice line item selected on the **Home** tab drives information displayed on the **Receipts** tab.

This instruction provides direction on accessing the **Receipts** tab and the functions available for use.

1. Authorized end users will access the Portal to review quarterly invoice line item amounts due from Sponsors. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the TPAdministrator.com website.
2. After successful login, the **Home** tab will appear. Select a type of invoice to view from the **Invoice Type** field.

The screenshot shows the CGDP Sponsor Portal interface. At the top, there are logos for Palmetto GBA and CMS. Navigation tabs include Home, Payments, Completed, Receipts, Reports, and Disputes. The 'Home' tab is selected. Below the navigation is a section titled 'Sponsor Portal Coverage Gap Discount Program Home'. It features a filter section with dropdown menus for Parent Org. ID (H0__0), Invoice Type (ALL), Contract Number (ALL), Reporting Period (ALL), and Status (ALL). Below this is a table of invoice line items with columns for Invoice Type, Contract Number, Reporting Period, Status, and Select. CGDP Portal Reporting Link

The **Reporting link** allows Sponsors to create on-demand spreadsheets for invoice line items, receipts, or summary reports for overall totals by reporting period via the Portal. The design of the **Reporting link** assists users in creating a report containing all data in one (1) Excel file versus individual pages of data obtained by using the *Print* icon available on each tab.

The **Reporting link** allows a user to generate reports for specific data criteria or all available data criteria for invoice line items or receipts.

The screenshot shows the 'Coverage Gap Discount Program Invoice Line Item Reporting' interface. At the top left are the logos for Palmetto GBA and CMS. At the top right are navigation links: 'Contact Us', 'My Profile', 'Help', 'Logout', and 'Reporting' (which is highlighted with a red box). Below the navigation is the text 'Logged on as HO...0'. The main heading is 'Coverage Gap Discount Program Invoice Line Item Reporting'. The interface is divided into three numbered sections:

- 1 Select which items you want to display on the report (Detail Reports Only)**: This section contains a row of checkboxes for 'Parent Org. ID', 'Contract Number', 'P Number', and 'Status'. A second row contains checkboxes for 'Reporting Period', 'Invoice/Receipt Amount', 'Payment Status Date', 'Payment Initiation Date', and 'EFT'.
- 2 Detail Report Filters**: This section contains five dropdown menus: 'Report Source', 'Select Contract Number', 'Select P Number', 'Select By Status', and 'Reporting Period'.
- 3 Sponsor Summary Report**: This section contains three dropdown menus: 'Summary Report for Contract Number:', 'Reporting Period', and 'Sponsor Status'. Below this section is a link labeled 'Run Sponsor Summary Query'.

The **Reporting link** contains three (3) regions.

1. **Detail Report Column Header Selection region** provides users with ability to select column headings for populating a report with data for invoices or receipts based on the column headings and applicable data chosen for an Excel spreadsheet output.
2. **Detail Report Filters region** allows a user to select specific criteria to display in detail for invoices or receipts.
3. **Sponsor Summary Report region** allows users to generate payment summary reports for a Parent Organization ID including payment summary information for all contract numbers, Reporting Periods and Payment Statuses or have the ability generate reports based on specific contract numbers, Reporting Periods or Payment Statuses, as determined by a user.

The upcoming pages will describe each region and its associated functions.

Detail Report Column Heading Selection Region

The **Detail Report Column Heading Selection region** provides users with the ability to select specific column headings for populating reports with data for invoices or receipts.

The **Detail Report Column Heading Selection region** contains nine (9) check boxes to provide users with options for populating invoice line item or receipt data to an Excel spreadsheet on-demand report.

1 Select which items you want to display on the report (Detail Reports Only)				
<input type="checkbox"/> A Parent Org. ID	<input type="checkbox"/> B Contract Number	<input type="checkbox"/> C P Number	<input type="checkbox"/> D Status	
<input type="checkbox"/> E Reporting Period	<input type="checkbox"/> F Invoice/Receipt Amount	<input type="checkbox"/> G Payment Status Date	<input type="checkbox"/> H Payment Initiation Date	<input type="checkbox"/> I EFT

- A. Parent Org ID check box will display Parent Organization ID column headings for data included in the spreadsheet.
- B. Contract Number check box will display contract number(s) column headings for data included in the spreadsheet.
- C. P Number check box will display P number(s) for data included in spreadsheet.
- D. Status check box will display Status column headings for data included in spreadsheet.
- E. Reporting Period check box will display Reporting Period column headings for data included in the spreadsheet.
- F. Invoice /Receipt Amount check box will display Invoice Amount or Receipt Amount column headings for data included in the spreadsheet.
- G. Payment Status Date check box will display Payment Status Date column headings for data included in the spreadsheet.
- H. Payment Initiation Date check box will display Payment Initiation Date column headings for data included in the spreadsheet.
- I. EFT check box will display EFT column headings for data included in the spreadsheet.

Note: This region is only available for detail Invoice or Receipt reports.

A user is not required to select any of the check boxes.

Leaving all checkboxes blank will populate the on-demand report with all column headings on the spreadsheet output. Selection of additional filters will limit the data displayed on a report.

Detail Report Filters Region

The **Detail Report Filters region** contains six (6) fields to assist a user with defining data included in an on-demand report.

The screenshot shows a form titled "2 Detail Report Filters" with the following fields:

- A Report Source (dropdown menu)
- B Select P Number (dropdown menu)
- C Select Contract ID (dropdown menu)
- D Select By Status (dropdown menu)
- E Reporting Period (dropdown menu)
- F [Run Query for Detailed Report](#) (link)

- A. Report Source field allows users to select between *Invoice* and *Receipt* from the drop down list.
Note: Selection of the Report Source is required to determine the type of data included in the on-demand spreadsheet report.
- B. Select Contract Number field allows user to select specific contract number(s) from the drop down list.
- C. Select P Number field allows user to select specific P number(s) from the drop down list.
- D. Select By Status field allows users to select specific Status from the drop down list. Statuses include *Completed*, *Deferred*, *Failed*, *Pending*, and *Unpaid*.
- E. Reporting Period field allows users to select specific Reporting Period(s) from the drop down listing.
- F. Run Query for Detailed Report link creates on-demand report spreadsheet(s) with column heading and filter data selections populated by a user.

Note: Population of the Report Source field is required to generate an on-demand spreadsheet report.
All other fields are optional.
Selection of additional filters will limit the data displayed on a report.

Sponsor Summary Report Region

The **Sponsor Summary Report region** displays selection criteria fields to allow users to customize summary reports based on contract number, reporting period or status for payment data only.

The summary report region contains four (4) fields to limit data displayed on the on-demand report spreadsheet.

The screenshot shows a form titled "3 Sponsor Summary Report". It contains four items labeled A, B, C, and D. Item A is "Summary Report for Contract Number:" with a dropdown menu. Item B is "Reporting Period" with a dropdown menu. Item C is "Sponsor Status" with a dropdown menu. Item D is a blue underlined link "Run Sponsor Summary Query".

- A. Summary Report for Contract Number field allows user to select specific contract number(s) from the drop down list associated with the Parent Organization ID.
- B. Reporting Period field allows users to select specific reporting period(s) from the drop down listing.
- C. Sponsor Status field allows users to select specific Status from the drop down list. Statuses include *Completed*, *Deferred*, *Failed*, *Pending*, and *Unpaid*.
- D. Run Sponsor Summary Query link creates on-demand report spreadsheet with summary report filter data selections populated by a user.

Note: Population of all fields is optional.
Selection of additional filters will limit the data displayed on a report.

CGDP Portal Instructions – Reporting Link

Accessing the Reporting Link

Sponsors can utilize the **Reporting** functionality to view a readable version of the data report in Microsoft Excel via the Portal. This ad hoc/on-demand reporting tool provides users with the ability to filter invoice and receipt related information.

This instruction provides direction on accessing the **Reporting link** and the functions available for use.

1. Authorized end users will access the Portal to create and review detail invoice and receipt reports. Instructions for daily login into the Portal are in the **CGDP Sponsor Portal Introduction and Login Users Guide** located under [References](#) on the TPAdministrator.com website.
2. After successful login, the **Home** tab will appear. Select the **Reporting link** in the upper right hand corner of the screen.

The screenshot displays the 'Reporting' section of the CGDP Sponsor Portal. At the top right, there are navigation links: 'Contact Us', 'My Profile', 'Logout', 'Help', and 'Reporting' (which is highlighted with a red box). Below these links, it says 'Logged on as HO_00'. The main navigation bar includes 'Home', 'Payments', 'Completed', 'Receipts', 'Reports', and 'Disputes'. The 'Reporting' link is highlighted in the top right corner of this bar.

The main content area is titled 'Sponsor Portal Coverage Gap Discount Program Home'. It features a filter table with the following data:

Parent Org. ID	Invoice Type	Contract Number	Reporting Period	Status
HO_00	Quarterly	ALL	ALL	ALL

Below the filter table is a main data table with the following data:

Invoice Type	Contract Number	Reporting Period	Status	Select
Quarterly	H7_7	201601	Available	<input type="radio"/>
Quarterly	H7_7	201504	N/A	<input type="radio"/>
Quarterly	H7_7	201503	Incomplete	<input type="radio"/>
Quarterly	H7_7	201502	Incomplete	<input type="radio"/>

On the right side of the page, there are several informational boxes:

- Welcome to Coverage Gap Discount Portal**: A message explaining the portal's purpose.
- For payment functions**: A message instructing users to select a line item from the list.
- Legend**: A list of status definitions:
 - Available**: Invoice is ready for payment initiations
 - Failed**: One or more items has an unsuccessful payment attempt
 - Incomplete**: One or more items have not been paid
 - N/A**: No invoice due for payment. Receipt of funds due from Manufacturer or Sponsor.
 - Pending**: All line items have been initiated successfully
 - Successful**: All line items have been paid successfully
- Reporting Periods with no invoice line items**: A section with a filter table:

Filter	Contract Number	Reporting Period
by:	H7_7	ALL

4. The **Reporting link** page contains three (3) sections that allow a user to filter ad hoc/on-demand reporting content.
 - Detail Report Column Heading Selection region
 - Detail Report Filters region
 - Sponsor Summary Report region

This example displays the **Reporting link** page.

5. The upcoming steps provide direction for generating detail invoice and receipt reports utilizing the **Detail Report Column Heading Selection** and **Detail Report Filters** regions.
6. The first region of the **Reporting link** page, the **Detail Report Column Heading Selection region**, allows a user to filter information by populating one (1) of the nine (9) check boxes available.

Note: Selection of check boxes in this region limits the data displayed in the report output. To view all available data for a Parent Organization ID for both invoices and receipts, leave all check boxes blank.

8. The second region of the **Reporting link** page, the **Detail Report Filters region**, allows a user to select between *Invoice* or *Receipt* reports. The Report Source field is a required field.

Note: Selection of specific data in each filter in this region limits the data displayed in the report output. To view all available data for a Parent Organization ID for both invoices and receipts, leave all filter fields blank except the Report Source field then select the Run Query for Detailed Report link to generate the detail report.

9. To generate an *Invoice* report, select the **Detail Column Heading Selection region** check boxes applicable to the desired report output, populate the Report Source field using the drop down list and any applicable report filter fields in the **Detail Report Filters region** then select the Run Query for Detailed Report link.

This example displays detail report selections for an *Invoice* report containing all available data for a Parent Organization ID.

- Select one (1) of the decision buttons in the message that appears at the bottom of the screen.
 - Open to view the data in text file format
 - Save to save the dispute file in text file format to a user's hard drive or system
 - Cancel to exit the decision message

This example displays the selected Open button.

- After selecting the Open button, review the Excel spreadsheet output containing invoice data.

16. The upcoming steps provide direction for generating summary reports utilizing the **Sponsor Summary Report** region.

17. The final region of the **Reporting link** page, the **Sponsor Summary Report** region, allows a user to generate summary reports filtered by Contract Number, Reporting Period, and Sponsor Status.

Sponsor Summary Report

Summary Report for Contract Number:

Reporting Period

Sponsor Status

[Run Sponsor Summary Query](#)

Note: Selection of specific data in each filter in this region limits the data displayed in the report output. To view all available data for a Parent Organization ID, leave all filter fields blank then select the Run Sponsor Summary Query link to generate the summary report.

19. To generate a Summary report, populate the drop down listings of each field to limit the data displayed, if applicable, and then select the Run Sponsor Summary Query link.

This example displays field selections chosen for a Summary report containing all available data for a Parent Organization ID.

20. Select one (1) of the decision buttons in the message that appears at the bottom of the screen.

- Open to view the data in text file format
- Save to save the dispute file in text file format to a user’s hard drive or system
- Cancel to exit the decision message

This example displays the selected Open button.

21. After selecting the Open button, review the Excel spreadsheet output containing receipts data.

Summary

This **CGDP Sponsor Portal Payments Users Guide** introduced the CGDP Portal's **Payments** tab functionality.

The primary function of the Portal is to provide a central repository for Program-qualified PDE invoices to be distributed and paid by Program participating Sponsors and Manufacturers with the ability to initiate bank-to-bank ACH transfers, similar to the way online banking customer pay monthly bills.

You have learned that the Portal houses invoices for Quarterly and BY Closeout invoices and has two (2) different roles for users to access distributed invoices and reports: The **Payment Initiator** role and the **Administrator** role.

This Users Guide also introduced the following functionality available to authorized Sponsor users:

- The **Payments** tab provides payment capabilities to allow the selection of one (1), some, or all the invoices distributed for payment processing. Invoice payments can be future dated and stop paid, if certain criteria are met. Payments may also be available for deferability, if the amounts fall below the systems deferred allowable amount.
- The **Completed** tab provides status information of previously initiated payments that have completed the nightly status update process successfully.
- The **Receipts** tab provides a listing of invoiced line items due to be paid to Sponsors by Program-participating Manufacturers.
- The **Reporting** link provides a user with the ability to generate on-demand spreadsheets for invoice line items, receipts, or summary reports for overall totals by reporting period.

Finally, you discovered that all payments are due to be completed in the Portal on or before the payment date listed in the **Payments Due region**, as listed on the **Payments** tab and as noted in the "*Invoice Paid By 38th Calendar Day After Receipt*" as defined in the [Medicare Part D CGDP Calendar](#).
